FRANCES WILLARD

Refutes the Charges of Being an Apologist for Lynching

And Brings the British Women's Temperance Association to the Point of Believing in Her Sincerity.

LONDON, June 18.—There was a large and enthusiastic gathering at the meeting today in the city temple of the British Woman's Temperance association. Miss Florence Balgarnie accused Miss Frances D Willard, president of the Women's Christian Temperance union, and the Women's Christian Temperance union of America of being apologists for the lynchings in the south parts of the United States But both

MISS FRANCES E. WILLARD.

Miss Willard and the American Women's Christian Temperance union were amply exonerated from the charges. Miss Willard made a spirited defense of herself and of the union and was ably seconded by other delegates. A resolution carried unanimously, declaring that the council emphatically believed that the American Women's Christian Temperance union maintained towards the lynching question the same attitude as other Christian bodies, namely, that under no circumstances must human life be taken without process of law.

THE WORK OF FIRE.

Large Tracts of Timber Land Destroyed.

Mills and Lumber Yards Burned in Cairo, Entailing a Loss of $150,000.

BRADFORD, Pa., June 18.—A fire was started yesterday in the Hemlock stretches between Buttesville and Ormsby and could not be put out until considerable damage had been done. McKean Bros and the Smithport Extract works lost a number of logs and bark. Two hundred men are at work and have the fire under control. It is not thought the fire will spread any further unless a high wind should spring up. Every available man is fighting fire, and their services command from $2 50 to $5 per day. The fires in the vicinity of Ritersville and Keshuqua are now confined to a stretch of territory eight miles long and three miles wide. Large embankments have been thrown up about Kushequa, and it is believed the town is safe, but a large force of men are on the scene ready for any emergency. Arnold & Gaffney, Gaffney Brothers, and Elihu Kane are the principal losers. Millions of feet of logs and lumber have been destroyed and hundreds of acres of standing timber. Everything is as dry as tinder and burns like chaff. A high wind would do untold damage. West of this city the sky is overhung by smoke and fires appear to be raging in the woods near Sugar Run and Weedsport. No news has been received from that section as yet

CAIRO, Ill., June 18.—The Chicago Milling and Lumber company's plant, the Wolverine mills, owned by H. P. Paepecke & Co, of Chicago, was destroyed by fire, together with several hundred thousand feet of lumber. The loss foots up $150,000, the machinery alone being valued at $90,000. The insurance in Cairo agencies is $65,000. The loss is total and throws 150 employes out of work.

Pure and shining gold is the medal for highest honors awarded Dr. Price's Baking Powder at the California Midwinter Fair.

Attacked by Robbers.

NOGALES, Ariz, June 18.—E. W. Woodruff, paymaster for the Nacasari Copper company, managed by John Weir, of New York, and who is operating big mines in the state of Sonnar, reports of Thursday last, while traveling by buckboard to Nacasari from Bishee, Ariz, with money to pay the employes, he was attacked by masked men near Cachuat, a point about forty miles south of the Arizona line and more than 100 miles southeast of Nogales. The driver, a man named Moreno, was killed and $6,000 was taken by the brigands.

The Royal Baking Powder Company controls its own cream of tartar factory and the process of making the only absolutely pure cream of tartar. It sends its product to millions of homes all over the world, supplies the Army and Navy, the great transatlantic steamers, the finest hotels and restaurants. The "Royal" is recommended by the best chefs and authorities on cuisine in every land. Its sale is larger than that of all other cream of tartar baking powders combined and it has more friends among housekeepers than any other similar article.

A Big Find.

STOCKTON, Cal., June 18.—A number of Stocktonians are on the qui vive over the reported find of over $1,000,000 treasure on the island of Cocos near Veraguas in the department of Palsma. There are some thirty citizens who think they have an interest in the millions of Spanish doubloons supposed to have been hidden on the island.

SHOOTING SCRAPE.

Neighbors Quarrel Over a Little Chicken.

Ditto Jones Killed by W. H. Cardwell--The Murderer Escapes. Pursued by a Lynching Posse.

BOWLING GREEN, Ky, June 18.—W. H. Cardwell shot and instantly killed Ditto Jones about 6 o'clock this morning, at Aberdeen, one mile from Morgantown, in cold blood The trouble came up over a chicken that was recently killed by one of them, and on meeting this morning at Aberdeen they began quarreling and after a few words had been exchanged Cardwell drew his pistol and fired two shots into Jones' body, killing him instantly Jones lived on a shanty boat with his family at Rockport, and Cardwell resides at Aberdeen. After the shooting Cardwell left for parts unknown, and it is thought he has gone to Indiana It is reported here this morning that an organized posse of armed men is scouring the surrounding country for the murderer, and if captured he will be lynched at once. There is great excitement.

STRONGER AND HIGHER

Are the Quotations From the Market Centers.

Wheat, Corn and Pork Respond to the Bullish Influences and Go Up Several Points.

CHICAGO, June 18.—The news was all of a bullish character today and wheat was strong and higher. Additional rains in the southwestern winter wheat belt led to talk of a wet harvest; cables were higher, reports of a poor crop in France were current, and the foreign crop bulletins from Washington indicated a shortage in the field. July wheat opened at 74@74¼c, against 73¾c at the close yesterday; advanced to 74¾c, receded to 73¾c on sales to realize profits, and became quiet and steady around 74@74¼c.

Corn started a little firmer in sympathy with wheat, at 49½c for July, against 49¾c at the close yesterday; sold to 49⅝@49¾c, and eased down to 49¼c.

Oats were inclined to be easy.

September opened at ⅛@¼c lower, at 28⅛@28⅝c, and sold to 28⅜c.

Provisions were dull but firm, in sympathy with hogs. September pork opened 7½c up at $12 82½, but saffed off to $12 75. September lard was unchanged at $6 82½. September ribs started 5c higher at $6.62½@6 65, and weakened to $6.60.

CHICAGO, June 18.—Hogs, receipts, 15,000; official receipts yesterday, 35,525; shipments, 7,600; left over, 4,500; market active; light, 5c higher; others strong, at yesterday's best prices, light, $4.35@4 65; mixed, $4 40@4 75; heavy, $4.40@4 85; rough, $4 40@4 55.

Cattle, receipts, 3,500, including 1,500 Texans; market steady to a shade higher.

Sheep, receipts, 9,000; market strong, at yesterday's advance.

CHICAGO, June 18.—Wheat, June, 74¼c; July, 74¾c; Sept., 76⅛c; Dec. 78⅛c.

Corn, June, 49½c; July, 50⅛c; Sept., 51⅝c, Dec., 48c; May, 42⅝c.

Oats, June, 28⅛c; July, 29c; Sept., 28⅞c; May, 32⅜c.

Pork, June, $12 35; July, $12 42; Sept., $12.72.

Lard, June, $6.55; July, $6.57@6.60; Sept. $6 80@6 82½.

Ribs, June, $6.30; July, $6.35@6.37½; Sept., $6.57; Oct., $6.62.

The work of making convicts construct good roads throughout the great state of Texas is proceeding with commendable rapidity. The arrangement is that the state convicts shall prepare the material for roadmaking, while the county convicts shall do the work on the roadbeds themselves. If this plan is thoroughly carried out, it will be millions of money to Texas. Immigrants to the south and west will all want to live where there are good roads

This great and glorious government now pays out 11 per cent of its revenues for interest on the public debt If we continue to borrow gold as we have done during the past few years, half the revenues will, in course of time, be needed to pay interest on our debts. The question is how long will even this rich country be able to stand that kind of drain.

Patience is commended as the highest form of politeness, Dr. Price's Cream Baking Powder as the purest and best leavening agent.

Gomez Attacks.

HAVANA June 18.—Maximo Gomez has attacked Alta Gracia and has burned the railroad station and many other houses. The garrison of the place, consisting of twenty-five soldiers, made a heroic defense, losing five in killed and having seven wounded.

The statistics show that there is used in the manufacture of the Royal Baking Powder more than half of all the cream of tartar consumed in the United States for all purposes. The wonderful sale thus indicated for the Royal Baking Powder—greater than that of all other baking powders combined—is perhaps the highest evidence of the superiority of this article, and of its indispensableness to modern cookery.

EARLY HARVEST.

Farmers in Cass County, This State, Cutting Wheat.

Forty Acre Clover Field Destroyed by Fire--Must Pay for Pointing the Water.

LOGANSPORT, Ind., June 18.—The earliest harvest ever known in this section of the country was begun last Friday, the 13th inst, in Boone township, Cass county. Peter Kennell cut and shocked on that day eight acres of wheat and, the day following, his neighbor, Fred Hartman, harvested a field of rye. Both grains will be less than one-third of a crop this season in this locality. Their maturity is hastened by the fact that the straw has been badly cut and deadened by fly, and the grains are all more or less shrunken. The prolonged drought has also contributed toward the diminishing of the crop.

BRAZIL, Ind, June 18.—Four miles north of here the forty-acre clover field of Perry Summerville was destroyed by fire yesterday. It took the combined efforts of fifty men to prevent further destruction of property. At Mill Branch, three miles east of this city, a forest fire raged yesterday afternoon. Several thousand dollars' worth of timber and property was destroyed before the flames could be extinguished.

LAPORTE, Ind, June 18.—W. E Harding's machine shop, with its contents, was totally destroyed by fire early this morning Loss, $3,000, insured for $1,400 in the Ohio Farmers' Insurance company. The fire was undoubtedly the work of an incendiary.

LAPORTE, Ind., June 18.—Mrs. Geo. Wilder, of East Chicago, was fatally burned yesterday. It was a successful attempt at suicide. The crazed woman saturated her clothing with gasoline and then deliberately set fire to her person, the flames enveloping her from head to foot. When assistance arrived her body had been frightfully burned, pieces of flesh dropping from her limbs. Financial resources were the cause of the rash act.

MUNCIE, Ind, June 18.—The suit of Addison Adkinson vs. the Utility Paper company, of Hartford, asking $100,000 damages for polluting the water of Lick creek with refuse from the mill, has been decided, and the plaintiff gets $300 If the verdict holds good in the supreme court, half a hundred suits will be brought against the strawboard and paper companies at Eaton, Albany, Muncie and Yorktown, in this (Delaware) county.

KOKOMO, Ind., June 18.—Mrs. Horace Loomis, whose husband is now in the insane asylum for the eighth time, has applied for a divorce, after having lived with him during twenty years of torture, without thought of legal separation. Last August Loomis assassinated his cousin, James Gregory, as the latter arose at midnight to administer a dose of medicine to the assassin's sick mother. Their home is at Shanghai, this county.

KOKOMO, Ind., June 18.—Last winter B. F. Wingar, wife and little daughter, of Grand Rapids, Mich, were here visiting the family of F. H. Allen, superintendent of the Citizens' Power and Light company. While here their little child died of scarlet fever, and the railroads refused to transport the remains home. Today the parents started across the country with the corpse. The hearse will be eight days on the road, the distance from here to Grand Rapids being 240 miles.

LOGANSPORT, Ind., June 18.—The saloonkeepers of Cass county have stolen a march upon the opposition. At the last meeting of the board of county commissioners the majority of those liquor dealers whose licenses do not rightfully expire until after the September session made application for a renewal of license, intending in this way to forestall the remonstrances that might be made under the Nicholson bill. The prohibition element discovered the scheme too late to make any organized opposition, but employed a lawyer to fight the applications on the ground that they were not in order at this term. Last Saturday, however, in the test case brought against Andrew Conn, the county commissioners decided that the license should be granted and that saloonkeepers may legally demand and procure such license as often as they see fit to spend their money, providing there are not sufficient grounds for refusal.

No young lady is really accomplished unless she understands fine cooking. The finest is done with Dr. Price's Baking Powder.

Hanged for Murder.

ST. THOMAS, Ont., June 18.—John Hendershot and W. B Weller, convicted at last assizes of the murder of William Hendershot, were hanged here this morning. The drop fell at 8:15

"The Royal Baking Powder is a cream of tartar powder of a high degree of merit, and does not contain either alum or phosphates, or any injurious substances. E. G. LOVE, Ph. D.,"
Late U. S Government Chemist

EXTRA SESSION.

Governor Altgeld Issues a Call to Legislators.

The Special Session Necessary to Relieve the Deficiency of the State Treasury.

SPRINGFIELD, Ill., June 18.—Governor Altgeld today issued a call for a special session of the general assembly. The session will meet next Tuesday. In his message the governor says the special session will be asked to pass revenue laws to relieve the deficiency in the state treasury, to pass laws regarding sleeping car charges and regarding the justice courts of Chicago The session is called for June 25

CATHOLIC AND PYTHIAN

The Pope Will Decide Whether They Are Antagonistic.

Cardinal Gibbons Will Make a Strong Plea in Favor of the Knights of Pythias.

WASHINGTON, June 18.—Cardinal Gibbons has taken to Rome the documents concerning the Knights of Pythias societies of Fall River, Mass, with a view to having the pope make a ruling upon them. The case is a peculiar one, as the Fall River societies are composed very largely, if not entirely, of Catholic members. They have built up a benificial insurance system, the benefits of

CARDINAL GIBBONS

which would be lost if the members were compelled to abandon the societies. It would be a special hardship on several Catholics who have paid large insurance premiums and are now sick and dependent on the returns from their investment. A delegation from Fall River laid the exceptional circumstances before Monsignor Satolli, but as the decree against the Knights of Pythias made no exceptions, it was determined that Cardinal Gibbons should lay the case before the pope.

SPEED AT MYSTIC PARK.

William Penn Trots Three Fast Heats --2:10 Pace for Gil Curry.

MEDFORD, Mass, June 18.—Fully 6,000 people were out to see the opening meet, yesterday, of the light harness horses at Mystic park The 2 38 class was the first one on the card and was won easily in straight heats by Wyoming William Penn was the favorite in the 2.13 class, and, although he won the race in straight heats, he was crowded close every time he came under the wire, and in no heat was he more than half a length ahead of Edith H. at the finish. The big event of the day was the 2:10 pace. McCarthy drove the chestnut gelding, Paul, a beautiful race in the first two heats, doing the second heat in 2:11, crowded hard by Susie G. Paul began to cut up bad capers in the third and Haight, seeing a good chance, brought the little gray gelding, Gil Curry, Boston's favorite, to the front and won the next three heats, the last one being a hard drive. Wyoming, first; Georgiana, second; Maple Valley, third. Time, 2:20, 2:19½, 2:22 Mona, Jack, Lynn Bourbon, Clayton, Lady Walcott, Nelly and Silverware also started.

2:13 Trot, Purse $600—William Penn, first, Edith H, second; Amboy, third. Time—2:12¾, 2:11¾, 2:12¾. Judge Austin, Jesse Hanson and Wistful also started.

2:10 Pace, Purse $600—Gil Curry, first; Paul, second, Susie G, third; Whirligig, fourth, and Clayhontas, fifth. Time—2:13¾, 2:11, 2:11¼, 2:12¼, 2:12⅝.

CLEVELAND, Ohio, June 18.—For the first time in years the three great horsemen, Budd Doble, Orrin Hickok, and John Splan, will train together on the Glenville track this summer. Doble arrived today with a string of horses. Hickock will arrive with his string on Saturday, and Splan is already here.

Price's Cream Baking Powder is by "gold medal" appointment purveyor to the Kings, Queens and royal families of America

The New York legislature enacted last winter a law establishing free baths in all cities of the first and second class in the state. To get money to construct such baths the city may borrow money or appropriate funds from its treasury. The form of wash most approved by medical and sanitary experts is the rain bath. Hot and cold water are both supplied. The bather goes into a sort of cupboard with slate or marble floor and walls, pulls a string, and the water, tempered just as he wants it, rains all over him. Then he gives himself a good soap rub, showers some more water over himself, wipes himself dry and comes forth a clean man. If money were appropriated by the cities for building such free baths as these, the free dispensaries and public hospitals would cost much less, and the whole community would be cleaner and healthier, morally and physically. If a poor working man had in the heat of midsummer a bathroom in which to refresh himself, the temptation to drink himself into oblivion would be less. Suicide, murder and insanity in the burning hot days would diminish.

"I find the Royal Baking Powder superior to all the others in every respect It is entirely free from all adulteration and unwholesome impurity, and in baking it gives off a greater volume of leavening gas than any other powder.
"WALTER S. HASKINS, M D"
Chemist to the Chicago Board of Health.

CUT AND SHOT.

Dr. J. E Miller has a Mysterious Caller.

Cares for a Wounded Man Wearing a Mask.

"No Questions to Be Asked" Was the Agreement--The Strange Individual Badly Hacked to Pieces --Very Odd Case.

Dr. J. E Miller has a deep mystery on hand which neither he, the police or the reporters are able to fathom. It savors something of attempted murder, burglary or a crime of some unknown quality

About 1.30 o'clock this morning the doctor and his wife were aroused by a knocking on their hall door, at their apartments over Miller's drug store, corner Lafayette and Wallace streets.

NO QUESTIONS TO BE ASKED.

The doctor arose and, going to the door, asked what the trouble was A voice without inquired.

"Are you a doctor?"

The doctor replied in the affirmative.

"Well, I have a friend out here who is hurt Will you fix him up?" inquired the stranger

"What's his name?" asked the doctor.

"O, that doesn't matter," replied the man. "We have money and you can have the job, but no questions are to be asked, mind you."

THE DOCTOR HESITATES

Dr. Miller thought the whole proceedings rather queer, to say nothing of being suspicious Mrs. Miller, also, who had listened to the conversation, was considerably alarmed and begged of her husband not to open the office door.

However, the doctor thought some one might be in serious trouble and possibly dying, and from a purely humane point of view told the stranger to bring on his man.

The doctor dressed, and going to his office, in the front room, began to get out his instruments In the meantime the fellow at the door had gone downstairs after the man whom he wanted "fixed up."

CUT AND SHOT.

A moment or so later two men came walking slowly down the hallway. One of the men was evidently badly wounded, as he could scarcely walk.

Dr. Miller opened the office door and in stepped the two men The injured man had a white handkerchief tied over his face, exposing only his eyes. Very little was said. The injured man sank into a chair and Dr. Miller at once went to work to examine the wounds.

There was a bullet hole in the fleshy part of the left leg, about three inches above the knee.

Another wound consisted of a deep cut, three inches long, on the right arm.

On the left side of the face was a long gash extending downward towards the throat.

The worst gash, however, was on the right side and extended about five inches across the ribs. It was quite deep.

"FIXED" HIM UP.

In accordance with the agreement Dr. Miller went to work to "fix" the man up and ask no questions. First, the bullet was extracted from the under side of the leg where it had lodged. Then one by one the gapping wounds were sewed up. Some twenty stitches in all were required and it was 2.30 o'clock before the physician had finished his work.

All this time the wounded man never whimpered. He clinched his teeth when the pain was worst but was exceedingly gritty. His pal stood by with his hat drawn down over his eyes and carefully avoiding the doctor's gaze.

HAD A BIG ROLL.

When Dr. Miller was through with his work the wounded man's partner asked what the bill was, and upon being told went down into his pocket and brought out a big roll of bills, counting out the correct amount and handing it over to the doctor. The two men then went away as mysteriously as they came.

WERE WELL DRESSED.

The whole affair was so curious that the more Dr. Miller thought of the matter the more did he become puzzled. The two men were very well dressed and did not have the appearance of hobos. The wounded man had on only an undershirt beneath his coat and vest, but it was of very fine material. The shirt had evidently been so saturated with blood that it had been thrown away, as the man had a necktie in his pocket.

Dr. Miller knows nearly every one in town but says he believes neither of the men belong in Fort Wayne.

The wounded man was about five feet, seven inches in height, and had red hair. His partner was tall and slender. On the left arm of the man who was cut were the initials, "J. E. C." tattoed in India ink.

NO FIGHT REPORTED.

Last night was a very quiet one in police circles, and none of the officers reported any fights

It is thought the two men are from some neighboring town and came here in a buggy, or are burglars fleeing from justice. The close proximity of Dr. Miller's office to the railroad would point to the theory that the men got off a train. Nothing has been seen or heard of the two men to day.

SCHOOL BOARD MEETS.

Miss Clara Phelps Made Principal of the Harmer School.

But Few Other Changes Made in the Corps of Teachers---Special Writing Teacher Discontinued.

The school board met at 9 30 a m, in their office in the High school building, for the purpose, as previously announced, of passing upon the roll of teachers for the ensuing year.

Dr. John S Irwin was elected superintendent, and Miss Mary Irwin, clerk. The nominations for principals were then taken up and acted upon. But few changes were made in the corps of teachers except in the matter of assignments, the most important of which was the election of Miss Clara Phelps to the position of principal of the Harmer school

For reasons of economy, the board decided to discontinue the employment of a special writing teacher The question of continuing the teaching of music was then discussed and postponed till a later date when the board could act more intelligently in the matter. The teachers appointed will receive immediate notice to that effect. The records of the secretary show that the appointments are made this year at about the same time as in previous years, at least, for the last five or six years.

Ran Off With the Cash.

DENVER, Col, June 18.—Henry J. Aldrich, president and general manager of the Colorado Securities company, has disappeared and the creditors of the concern are making strenuous efforts to ascertain his whereabouts.

Big Bond Sale.

NEW YORK, June 18.—Spoyer & Co., of New York and London, have purchased $2,748,000 city of Chicago 4 per cent. gold refunding bonds, which will shortly be offered to the public of London.

Re-Elected President.

LONDON, June 18.—Lady Henry Somerset was re-elected president of the British Woman's Temperance association.

Mrs. Sophia Winklemeyer is very ill.

Money in Street Railways.

A little book called "Street Railway Investments," written by Edward J Higgins, purports to give report of the risks, management and profits of street railways The volume takes account of a number of these railways in the years from 1890 to 1893. We find for one thing that the net earnings of the roads have increased considerably since the change of motive power from horses to electricity. The increase is due more to diminished operating expenses than to increase in traffic, though the universal cropping up of electric roads has increased that too. As to the money to be made in street railway investments there is great variation. It costs as much to run cars in a town of 15,000 inhabitants as in one of 100,000, yet the difference in the number of passengers makes the profits in case of the small city so limited and uncertain that they are only worth considering by local capitalists, while in case of the larger place these profits range anywhere from 15 to 25 per cent net In case of cities of the largest size, 500,000 and over, the net profits are still larger. However, all these companies are enormously overcapitalized, and the net income is carefully calculated on a basis of the earning powers of the road, its debts, etc Taking the roads at their own capitalization, the investor receives on the money he puts in to street railway stock in a city of 100,000 and over anywhere from 6 to 8 per cent These earnings are safe and steady, and Mr Higgins considers that the money of women and minors can be invested in no better way than in good street railway stock

Meantime in Great Britain street railways are rapidly passing under municipal ownership The usual method is for the city to be the backer of a company that borrows the money and constructs the road The city then leases the road to the company to make what it can out of it for a term of years, usually from 21 to 30 years The time is calculated on the basis of the period required to wipe out the debt incurred in constructing the road The company leasing pays to the city an annual rental equal to the interest on the money invested and an add tional sum for the sinking fund, which is to cancel the debt When the debt is all paid, the company turns over the road, with all its profits and enchancments, to the city In July Glasgow becomes owner of such a railway The sum which will then accrue to the municipal treasury will go far to lighten the rate of taxation

No other article of human food has ever received such emphatic commendation from the highest authorities as Price's Cream Baking Powder.

Horrible Deed.

CEDAR RAPIDS, Iowa, June 18.—Mrs. Sanford Gillis, wife of a well known farmer near Shellsburg, poisoned herself and three of her six children last night She was known to be insane. All four died

For many years the government has given its orders for Royal Baking Powder in preference to all others, it being found by the official examination, superior to the others in strength and purity and the only Baking Powder that will keep and retain its strength in the climates of the various countries to which it is sent by the departments

COURT CHIPS

Picked Up After the Legal Logs Had Been Hewed

By Axes in the Hands of the Different Attorneys at Law of the City.

The county commissioners were transacting miscellaneous business today.

The new Indiana laws, passed by the legislature last winter, were distributed among the court officers today.

Charles H. Meyer and Minnie Kloepper, John E Meyer and May E Brames have been licensed to wed

Ira Barcus called at this office today to say that he was not fined for "whipping his wife," but for assault and battery on his wife

Justice France was engaged last evening in hearing the provoke case brought by Mrs. Martha Gleason against Mrs Pyles The former alleged that the latter had called her bad names and by her conduct had provoked her. The case was a hotly contested one, Prosecuting Attorney Colerick appearing for the state and Elmer Leonard for the defendant The parties are residents of Duck alley and the testimony was sensational and highly interesting to the large crowd of spectators that thronged the court room Both lawyers made vigorous and eloquent speeches, notwithstanding the hot weather. Justice France acquitted the defendant

Judge W. L Penfield, of Auburn, was sitting in the superior court here yesterday morning in the suit of Rehling vs. Rehling to quiet title. The case was continued.

Wilhelmina Becker et al has sold to Wilhelmina Paul lot 61, Rockhill's addition, for $5,000

M. D. and F. C Barrett will lay out in lots and alleys, south one-half of Hanna's out-lot 1. The lots will be numbered from 1 to 11 and will be known as Barrett's addition.

The county commissioners have appointed Diederick Geiseking, Louis Thiele and George Litto viewers on the Standard oil road, and also appointed the reviewers.

Yesterday morning the county tax board of equlization met for organization and the following members were present: Assessor Heath, Auditor Edsall, Treasurer Beckman and Messrs. Herman Schnelker, of New Haven, and R L Romy, of Fort Wayne. Heath was selected president and Edsall secretary.

George Kuinrick, who has been living with Ernst Cook, on Indiana avenue, was yesterday adjudged insane by a commission in lunacy. The unfortunate man imagines that he is being pursued by some one who is trying to rob him. He talks irrrtionally and remains in deep study all the time. He is thirty-eight years old and unmarried.

In the case of Ceaver vs. the Simons estate, a circuit court jury yesterday returned a verdict of $500 for the plaintiff.

In the case of Brewer vs. Jacobs et al., a verdict of $25 was rendered for the plaintiff.

The last will of Mrs. Philipina Kromer was filed at the county clerk's office yesterday. She bequeaths all her real and personal property to her two children, Wilhelm and Christina

William Car Hunter has commenced suit in the superior court against Guy Hunter for partition to real estate Vesey & Heaton are the plaintiff's attorneys.

The Tri-State Building and Loan association sues Mary L Archer et al., for foreclosure for $1 200. Vesey & Heaton are the attorneys for the plaintiff.

Wm. S. Oppenheim has brought suit in the superior court against Frank Drebert et al., for $2,200 for foreclosure of a mortgage. R. B. Dreibelbiss is the plaintiff's attorney.

GIVEN A DIVORCE.

Margaret Unger Secures a Divorce From Her Husband.

In the superior court this afternoon Acting Judge T. E Ellison gave Margaret Unger a divorce from Gottlieb Unger on her cross complaint. He also gave her alimony in the sum of $260 and the custody of their child.

No rational cook would think of using alum and ammonia baking powders. Dr. Price's is perfectly pure.

An Actress Married.

CLEVELAND, Ohio, June 18.—The marriage of Mr. George D. Morgan, of Brockport, N. Y, and Miss Della Eloise Berry, better known as Ollie Archmore, the opera singer, was solemnized at St. Paul's Episcopal church early this morning, Rev. C. S. Bates officiating.

The Royal Baking Powder, as every cook knows, is always to be relied upon. It is one of the greatest aids she has. She is always able, with the least trouble, to make the very finest biscuits, cakes, muffins and crusts. Many a cook's reputation has been made by the delicious things she has been able to make with it.

Editor Married.

OCONOMOWOC, Wis, June 18.—The wedding of Miss Grace Gould, daughter of Mr. and Mrs. David E. Gould, of St Louis, Mo, and Henry W. Grady, of the Atlanta, Ga, Constitution was a brilliant event

AMERICA'S EAGLE

Will Scream for Temperance in This City on the 4th of July.

Representative Nicholson Will Speak at Williams' Park to a Good Citizenship Rally.

The Good Citizenship league have inaugurated a movement for the appropriate celebration in this city of America's Independence The event will take place at Williams' park, in the southern portion of the city, and among the speakers who will be in attendance will be Representative Nicholson, the author of the famous Nicholson bill, a measure passed at the last session of the Indiana legislature for the better regulation of the saloon business.

It is expected that the presence of Representative Nicholson will bring to the city a large number of people from the different towns and surrounding country, for Mr. Nicholson is an eloquent speaker and there is a desire on the part of many temperance people and others to see and hear the man who had so much to do with placing better temperance laws on our statute books.

Williams' park is admirably adapted for the holding of such a meeting and it is designed to have all day exercises. In the morning Fort Wayne speakers will address the crowd on temperance subjects and in the afternoon Representative Nicholson will speak. There will be literary and musical exercises and a general good time is promised to all who attend.

The committee of arrangement having the meeting in charge are Rev. Ainslie, Rev. Boggs and Rev. Rice, who say that everything will be done to make the affair a pleasant and successful one. Dinner and refreshments of various kinds will be served on the ground and the best of band music has been secured to enliven the occasion with patriotic airs.

RIGHTS OF LABOR.

Employes Cannot Be Discharged Because of Their Belonging to a Union.

JEFFERSON CITY, Mo, June 18.—In the supreme court today Justice Sherwood filed an opinion declaring unconstitutional the law forbidding the discharge by corporations of employes who refuse to sever their connection with labor organizations. This law was enacted two years ago and provides penalties ranging from a fine of $50 to $1,000 and six months imprisonment. The court holds that this law is class legislation. A non-union man could be discharged without notice and the law would not intervene, while a union man could not be discharged, if his discharge was based upon his connection with a union.

Sibley is There.

TOPEKA, Kas., June 18.—Ex-Congressman Sibley, of Pennsylvania, arrived in Topeka today to attend the silver conference called by A. G. Shinnan, of Ottawa, vice president of the Bimetallic league. Mr. Sibley will speak at Representative hall tonight.

Buy Everything.

MORSE, Wis., June 18.—A syndicate of Boston capitalists has purchased everything in this town except the school house and will take possession in a short time.

Son of a Duke Dead.

BOMBAY, June 18.—Lord Collin Campbell, fourth son of the Duke of Argyle, a captain in the Bombay rifle volunteer corps, is dead at the age of forty-three years.

Governor Atkinson.

ATLANTA, Ga, June 18.—The physicians who performed the operation on Governor Atkinson for appendicitis last night are still in attendance at his bedside.

LOCAL LINES.

The funeral of John F. Bower will be held at 1:30 o'clock tomorrow from the residence, No. 210 Fairfield avenue.

Neither competition nor dishonest rivalry can shake the people's belief in the goodness of Dr. Price's Baking Powder.

Humane Agent Schlaudroff is looking for a home for a bright little girl of six years. The mother desires a home for the child with a family who have no children

Queen Esther lodge, degree of Rebecca, I. O. O. F., will will give a social at the residence of Mr. and Mrs. John Fredericks, 415 Lafayette street, on Wednesday evening.

Lawrence J. Finney, aged twenty-five, died at the residence of his father, Wm. Finney, No 14 Hoffman street, this morning. The cause of death was nervous prostration. Funeral at 10 o'clock Thursday at Huntertown

Mrs Fredereke Rogge, aged fifty-seven, died this morning at her home, No 52 McClelland street The cause of death was obstruction of the bowels. The deceased leaves nine children. Her husband died about a year ago. The funeral will be held on Friday afternoon at 2 o'clock from the St. John's Reformed church.

The cook should examine carefully the label of the baking powder and see that she is not imposed upon. If the grocer sends anything but the Royal, send it back, as one cook did five times until she got the Royal. The only safe way is for the cook to have the finest things to work with, and the Royal is not only the finest but the most economical to use because it goes so much further.

DO YOU EXPECT

To Become a Mother?

If so, then permit us to say that Dr. Pierce's Favorite Prescription is indeed a true "Mother's Friend," for it makes **Childbirth Easy** by preparing the system for parturition, thus assisting Nature and shortening "Labor." The painful ordeal of childbirth is robbed of its terrors, and the dangers thereof greatly lessened to both mother and child. The period of confinement is also greatly shortened, the mother strengthened and built up, and an abundant secretion of nourishment for the child promoted.

Send 10 cents for a Large Book (168 pages), giving all particulars. Address, WORLD'S DISPENSARY MEDICAL ASSOCIATION, 663 Main St., Buffalo, N. Y.

PAINLESS CHILDBIRTH.

Mrs. FRED HUNT, of *Glenville, N. Y.*, says: "I read about Dr. Pierce's Favorite Prescription being so good for a woman with child, so I got two bottles last September, and December 13th I had a twelve pound baby girl. When I was confined *I was not sick in any way.* I did not suffer any pain, and when the child was born I walked into another room and went to bed. I keep your Extract of Smart-Weed on hand all the time. It was very cold weather and our room was very cold but I did not take any cold, and never had any after pain or any other pain. It was all due to God and Dr. Pierce's Favorite Prescription and Compound Extract of Smart-Weed. This is the eighth living child and the largest of them all. I suffered everything that flesh could suffer with the other babies. I always had a doctor and then he could not help me very much, but this time my mother and my husband were done with me. My baby was only seven days old when I got up and dressed and left my room and stayed up all day."

THE newspaper that hasn't got a libel suit on hand in these days of libel suits isn't in the swim.

WONDER if it was the passage of the Nicholson bill that has made Indiana such a dry state this year?

NOTWITHSTANDING the fact that there is but little local news flying these hot days, THE SENTINEL manages to get and give its share.

OUR weather report predicts thunder showers for tonight. It is to be hoped that they will come on schedule time and be not showers, but drenching rains.

THE new paper of Gen. Coxey, he of commonweal fame, contains the name, J. S. Coxey, 236 times in the first issue. As an editor he is bound to let the public know that he is in the newspaper business.

THE Good Citizenship league will not allow the Fourth of July to pass unobserved in this city. They have arranged for a celebration at William's grove and Representative Nicholson, the author of the Nicholson bill, will be one of the speakers.

PROBABLY the most noteworthy phenomenon in the present industrial revival is the voluntary increase of wages that is taking place all over the country. This shows a better and closer feeling between labor and capital and augurs well for the future.

THE Rev. N. D. Williamson, pastor of the Reformed church of South Bend sends out a denial of the report that at a recent meeting of the synod the bicycle was condemned, "especially when used by members to ride to church." On the contrary, if anything, bicycle riding was endorsed.

AMONG the laws which appear in the acts of the last legislature, just published, are several that provide for the reimbursement of township trustees who have lost public money intrusted to them. A state officer calls attention to the fact that the supreme court in 1889 decided that trustees could not be reimbursed for money lost.

THE forthcoming annual report of the United States civil service commission will show that the whole number of persons regularly employed in the civil service of this country is about 200,000. Of these, approximately, one-fourth are in the classified service, subject to competitive examinations under the civil service rules. Of those in the unclassified service, 22,000 are laborers, 5,000 are appointed by the president, subject to confirmation by the senate, 1,500 are in the legislative branch of the government, and 2,666 are in the judicial branch.

NEXT Friday, June 21st, is the longest day of the year, the sun rising at 4 34 and setting at 7.26, making the length of the day from sunrise to sunset fourteen hours and fifty-two minutes. The almanacs call this the summer solstice, and the sun enters cancer at five minutes after 12 o'clock in the afternoon. It is the first day of summer.

WHAT has become of the ordinance to place the telegraph, telephone and electric light wires underground that Councilman Mohr was going to introduce in the city council? It seems to have been lost sight of altogether. Besides being an unsightly nuisance and themselves a peril to life and limb, the suspended wires add to the fire risks and tend to increase the rate of insurance upon all buildings before which they are allowed to remain.

AFTER issuing a daily edition for the past three months the Warsaw Union has suspended the publication of that edition temporarily. In its announcement of this fact, Mr. Frank Zimmerman, its editor, says: "In the near future the Daily Union will resume publication, under more favorable circumstances and with the proper facilities for the publication of a daily paper. The writer has been in the journalistic field thirty-one years and feels somewhat reluctant at this time to assume all the duties and all the responsibilities of a daily paper." This leaves the daily news field at Warsaw, for the time being, to the Times of that place, which, under the editorial control of Gen. Reub Williams, is an excellent local paper.

Of 50,000 persons subjected to Bertillon's identification system, no two were exactly alike, on the contrary, Price's Baking Powder is always alike in purity.

Cats.

New York has just had a cat show, which was so successful an enterprise that other cat shows are sure to be held there in the years to come. All lovers of cats will no doubt rejoice at this consideration given their pets, and, we are sure, will resent the sneers recently leveled at the feline race by the one New York paper whose editor once invented and still maintains the jocular fiction that he keeps an office cat for the purpose of destroying pieces of manuscript that do not meet his views as to excellence.

The jeers at Grimalkin in question were printed in the same paragraph that spoke in praise of Fido. It appears that the master of a certain dog fell off the dock one day recently in New York and straightway became a drowned body. True to the loyal instincts of his race, the dog remained upon the dock near the place of his master's final disappearance, thus giving another example of canine fidelity and affection. This coming to the ear of the editor, he called attention to the circumstance, and then, in a spirit of invidious comparison, asked who could relate a similar story of feline devotion to a member of the human race.

Perhaps no one can, but in humanity patriotism is considered as high a virtue as personal affection, if not of higher grade, and, as every one who has studied the feline nature knows, the overmastering instinct of every cat is love of place. He is a poor coot indeed in the view of most persons who does not love the place of his nativity or of his long residence, unless that place be utterly bare of attractions, and none are more extravagantly lauded than those who go forth to do battle for home and country. Who cannot relate stories of cats braving every danger, when ruthlessly torn from the homes they love so well, in order to return to them? Does not every schoolboy know of the annual processions of home seeking cats which cross the Brooklyn bridge in opposite directions on the night of May 1, which is moving day at the Hudson's mouth? Indeed this remarkable propensity has been chosen as a theme for the poet and set to music. Who has not heard the inspiring song:

And the cat came back,
For he wouldn't stay away!

For the love of home so universally displayed by the great cat family we are of the opinion that they should be as roundly praised as the dog for the blind affection displayed for his dead master. And at the same time, in considering the relative merits of the cat and the dog, it should be remembered that a hundred persons are bitten by dogs, vagrant and otherwise, in every city to one bitten by cats, even though there are at least a hundredfold more cats than dogs.

Let us give the purring cat her just dues.

Weather Changes.

Close observers of an ingenious turn are sure that the changes in the weather were invented for the purpose of conversation. There may be something in this theory, but we are inclined to think that they are more for the purpose of giving consolation to chronic invalids. "I felt very bad yesterday, when the wind was in the east," groans the sick person, or, "I feel much better today, the sun shines so brightly," or, "When the wind is in the north, my rheumatism troubles me." And so they go on until at last there does come a day which not only benefits, but cures; when the doctor can be dispensed with and the undertaker observes that the gentleman has a fine day for his funeral. But all levity aside, such changes in the weather as we have had recently would be more honored in the breach than in the observance, even though they gave the invalid less to think about and hampered the person we meet in the street who uses the subject as an always timely one. It is reported that the recent frost killed the grape crop in some large localities, ruined cherries and many other kinds of small fruits. Yet it may not be as severe as it seems. Ill news always travels rapidly and delights in superlatives.

It is becoming the fashion to call even the contestants in the competitive college debates and oratory tests a "team." This is enough to make one exclaim, "Have we lived till now!"

The United States treasury receipts up to May 1 for this year were the paltry sum of $360,000,000. What's to become of us?

WHEELS AND RIDERS.

Many Fort Wayne Cyclers Attend the Huntington Meet.

A Plan on Foot for a Grand Street Parade in This City on the Morning of the Fourth.

The maiden with her wheel of old
Sat by the fire to spin
While lightly through her careful hold
The flax slid out and in.

Today, her distaff, rock and reel
Far out of sight are hurled,
For now the maiden with her wheel
Goes spinning round the world.

The business men's section of the Triangle club will run to New Haven on Saturday.

The Triangle club will run to Huntertown on Friday, leaving the Y. M. C. A. at 7 o'clock.

Fred B Barnes, a well known Terre Haute bicycle rider, has been in the city the past few days visiting friends.

Who was it that after drinking a glass of milk (?) became so hungry that he ate the glass, at Huntington on Sunday?

The Elks' base ball club has challenged the Cycling club team to play a game of ball. The game will probably come off at Lakeside.

Will Peltier has ordered a new tandem of the Sterns Co., at Syracuse, N. Y. It is a thirty pound racer and will have a four and one fourth inch tire.

Ed Longfield went to Warsaw today to see about the bicycle races arranged at that place on the day of the Pennsylvania company's annual excursion.

Will Peltier, Frank Mohr, George Swearingen and Ed Boles went to Rome City on Sunday on their wheels. They left here at 7 o'clock and returned about 9.

Fort Wayne ought to have a bicycle factory. There is plenty of ready capital here and many suitable buildings. We are behind many of our neighboring towns.

The state meet, held in this city two years ago, will be held in Indianapolis on July 4th. There are five events for state championships, as follows. One-fourth mile, one-half mile and one, two and five mile races.

The entry blanks for the ten-mile race to be given by the Triangle club at the Driving park on the 29th are now out. The race will be the only event of the afternoon and will be held at 4 o'clock in order to accommodate everyone desiring to attend. Some fine prizes are offered.

It is stated that the big sleeves to which ladies' dresses are attached are going out of style and will soon be discontinued. Here is a golden opportunity for a big stroke of economy on the ladies' part, the sleeves will make excellent bicycle bloomers without so very much cutting down.

Will Colerick was taken dangerously ill en route home from Huntington on Sunday afternoon. At the seven-mile spring he was too sick to proceed further and was taken in hand by a party of Fort Wayne picnickers, who, after considerable effort, succeeded in getting Colerick out of danger. He proceeded home after a rest of probably three-quarters of an hour. He has now entirely recovered.

Dan McKendry and Gust Steger had an experience on Sunday which was all but pleasant. They started to Huntington on a tandem. Five miles this side of Roanoke their tire exploded and the boys walked to Roanoke, arriving there just in time to miss the train for Huntington. They were compelled to stay in Roanoke until 4 o'clock in the afternoon, when they returned to this city on the train.

The Marion Bicycle club gives a race meet on June 28th which will be attended by many Fort Wayne wheelmen and in which Albert Alter is entered for a number of races. In the morning there will be a ten mile race and in the afternoon the following events will occur: One mile novice, 1½ mile open, 1 mile club championship, 5 mile open, 2 mile handicap, ½ mile boys, ½ mile handicap. The Marion club promises to look well after their guests. There are $750 in prizes.

The Pennington motor bicycle which has been "written up" several times in THE SENTINEL, seems to be a success and is now offered to the trade through Thomas Kane & Co., of Chicago. It is said that the motor will propel the wheel at a speed of from six to sixty miles per hour. The wheel will "go," even if Pennington's flying machine would not. A Fort Wayne capitalist has stock in the Pennington bicycle motor and has great faith in the invention, believing that the day is not far distant when foot power will be abolished.

The craze for wheels goes merrily on and all Fort Wayne dealers have done a big business this spring. It is estimated that there were more new wheels purchased in this city this season than for the past three years combined. Many of our dealers are behind in their orders on account of the inability of the factories to supply them. The tendency is for stronger and more serviceable wheels and the craze for "straw" bikes is not near so noticeable. What does the average rider want with a seventeen pound wheel, anyhow?

The plan on foot for a grand street parade in this city on July 4th meets with general approval and only waits for some club to take up the project.

Fred James, of Maysville, while cleaning his bicycle, got one of his fingers caught between the chain and sprocket wheel. He is minus a finger.

We have ascertained without a doubt as to the first wheel ever brought to Fort Wayne. It was brought here in 1836, overland on a wagon, by Patrick O'Malihan. It was not ball bearing, was made entirely of wood with steel tires and was attached to a barrow.

The Swinney park is used daily by ladies and children as a bicycle school, no less then four instructors and twenty pupils were there Saturday afternoon. It is an ideal place to learn to ride the bicycle and the city ought to send the steam roller out there and exercise it around the track several times.

A. C. Katt has secured the agency for the "Speedier V Bicycle," and received the first of these wheels this morning. It is geared to eighty, when nearing a hill, you press a lever and the speed is changed to fifty-six; when on top the hill change the gear back to eighty. With this wheel no one need walk up a hill.

If the city council wants to make the hearts of all bicycle riders (and that means half the town, or will mean soon) happy they will pass an ordinance requiring every vehicle to carry a lantern lighted after dark. Not only locomotives, street cars and bicycles but also wagons and buggies. Then there will be less accidents.

Now, you wouldn't think that H. W. Mordhurst had the blood of a champion flowing through his veins, and yet one of the most cherished momentos of bygone days is a medal he won in a velocipede race at Kendallville, Ind., on the same historical track which another great champion (Zimmerman) won a hard fought race some twenty years later.

And now Will Watt has joined the bicycle brigade, and his horse hangs his head in sorrow every time he sees his master ride past on "that bike." They say that Louis Heilbroner has the name of every local horseman on a blackboard with the time it will take before they ride a wheel and give odds on the time. Will McKinnie is put down as "two weeks."

During the trip to Huntington on Sunday several of the boys suffered severely from cramps, brought on by drinking to much water. Both Pickard and Nierman, of the club, had attacks, and Nat Beadell, of THE SENTINEL, was taken ill en route home. Some enterprising druggist would do well to put up a small pocket medicine case containing some "emergency" remedies, court plaster and such like, for the express use of wheelmen. The best remedy, however, is precaution, and riders should exercise it while riding in warm weather.

Last week invitations were received in this city by a number of wheelmen to visit the Halladay & Temple firm of bicycle manufacturers, at Marion, and attend the reception given Friday in the new addition to their factory. Fred Beach, Will Gouty and Gust Steger accepted the invitation and report a royal time. In the evening 500 persons attended the reception from 8 to 12. Light refreshments were served and the young people danced. The new building is 60x175 feet in dimension and has two stories. The firm has been in the bicycle business for the past eight years. This year they have sold over 10,000 wheels.

On June 22 the lightest bicycle ever built in this country will arrive in Fort Wayne and be on exhibition for one week in the window at Morgan & Beach's. The wheel is an eight pound and fourteen ounce "Tribune" and was built by the Black Manufacturing Co., of Eria, Pa. The wheel was never constructed with a view of actual service, although it has been ridden several squares by a 150 pound rider. The bike is merely a curiosity and illustrates the ability of the firm in handling steel tubing and the strength of material used, even in such a ridiculously light wheel. The bike has the Olds wood rims and Morgan & Wright tires. It cost the factory over $500 to build it and has been all over the United States on exhibition. From here it will be shipped to Lafayette. It is a good "ad" for the "Tribune."

The Huntington Bicycle club's meet, held in that city on Sunday, was a most enjoyable affair. North Manchester sent the largest delegation, thirty-one wheelmen from that town going in a body. Fort Wayne came in for the next largest delegation, sending down about twenty-five wheelmen. Some of those in attendance were the following: Wm A. Gouty, captain of Fort Wayne Cycle club, H. C. Niemeyer, lieutenant, H. R. Pickard, Will E Colerick, H. W. Bond, P. C. Liggett, William Ortlieb, E. G. Trenckley, Fred Beach, jr., Nat Beadel, Horace Gordon, Frank Frase, Ed. F. Schock, G. J. Parrot, F. H. Schlink, Nathan Cohen, David Hirsch and Louis Heilbroner. Most of the Fort Wayne boys took dinner at the Exchange hotel with Jim Sheppler, formerly of this city. The visitors were welcomed at the club by Mayor Cast, who gave the boys the freedom of the town. The 300 or more guests were looked after by Capt J B John, assisted by Riders Coy, Scheiblin, Al Kreigbaum, Fred Bowman, Chris Byler, Scott Plasterer, Lew McFarren, Ed Kreigbaum and Frank Kramer. Al Schreyer and John Kunce had charge of the refreshments. The chief event of the day was the grand parade, which took place at 1 30 p m. There were 260 riders in line, and after a short spin about town the riders returned to the club, where over 300 corncob pipes were distributed. A short time before the parade some one emptied the contents of two boxes of carpet tacks on the pavement, near the Huntington County bank. It was doubtless the intention of the miscreant who scattered the tacks that the "bike" riders should have punctured tires. It proved a failure however, as some of the wheelmen noticed the sharp points which threatened a calamity to the parade, and they were swept up in a hurry. A number of "straw" wheels were broken but there were no serious accidents. Many of the Fort Wayne riders came back on their wheels but some returned on the train.

One of the Fort Wayne riders who was present said of their reception:

"It was without doubt one of the best carried out affairs of its kind ever given by a cycle club so shortly organized. Nothing was undone to the end that the visiting wheelmen should enjoy themselves. Arriving early in the morning at the rooms of the Huntington Bicycle club the cyclers were taken in hand by the members of that body and taken upstairs to the washroom, where there was plenty of water, soap and towels, shoe brushes and other appurtenances necessary to the cleaning-up process. Then the riders were introduced to two large tubs full of cool lemonade, and invited to help themselves to all they wanted. 'Twas a grand thing grandly done, and proved a grand success."

Only a few moments is needed to prepare the light and tasty dishes in which Dr. Price's Baking Powder is used.

WILL SEND FOUR

Delegates Elected by Berry St. M. E. Church to Chattanooga.

Reception to Be Tendered Tonight by the Y. W. C. A. to Mrs. McCrea, the State President.

The Berry street chapter of the Epworth league held a business meeting last night in the lecture room of the church and selected Rev. C. C. Cissell, the pastor, and Misses Emma Wohlfort, Stella Stierheim and Eliza Leach as delegates to attend the international convention of the Epworth league, which is to be held at Chattanooga, Tenn., during the latter part of this month. Rev. Cissell and the young ladies chosen are deeply interested in league work and are among its most prominent workers in this city. They will fitly represent their prosperous chapter in this city. A special international conference meeting is being arranged to be held in the church shortly after their return, when reports will be made for the benefit of the members of the chapter, and any other leagues of the city who had no representatives at the meeting. The chapter sent a large delegation to Angola today to attend the district convention in session there. A number of Fort Wayne persons have places on the program. A number of important matters were discussed at the meeting and the interest shown in league work by every member of the chapter is of a most encouraging nature.

SOCIETY GOSSIP

Mrs. Shepler and daughter left today for Huntington to reside.

Mr. H. E. Spring and son, of Paulding, Ohio, were in the city today.

Miss Emma Ash is the guest of Mr. and Mrs. Healey Link, at Toledo.

Mr. and Mrs. Will Seidel have returned from a visit at Mt. Clemens.

Miss Maud Graham has returned from a short visit at Huntington, Ind.

Miss Martha Leonard will leave tomorrow for Rome City to spend several weeks.

Mrs. J. B. White and Mrs. Edward White are spending a few weeks at St. Clair Springs.

Miss Leo Long will sing the soprano solos in the Creation chorus at Galion, Ohio, this week.

Mrs. Thos. F. Shay and Mrs. R Kelly, of Cincinnati, are visiting relatives in the city.

Mrs. Conrad Klein, of Chicago, arrived in the city last night to be the guest of her father, Phil Keintz.

Mr. and Mrs. Van Valkenburg and daughter Miss Nellie, left for Michigan yesterday for a three month's visit.

Mrs. G D. Crane, who has been a guest in the family of Mr. M. V. B. Spencer at Indianapolis, returned home last evening.

The Order of the Eastern Star will hold a lawn social at the residence of Mr. and Mrs. A. G. Estry, at 432 Broadway, Thursday evening next.

Mr. Henry Eckart and bride have returned from their wedding trip and are at home to their friends at the corner of Pearl and Ewing streets.

Mrs Freeman and daughter left yesterday for Davenport, Iowa, to attend the marriage of Mr. Henry Freeman, which takes place in that city tomorrow.

There will be a reception at the Young Woman's Christian association rooms from 8 to 10 o'clock this evening. Mrs McCrea, of Indianapolis, the state president, will be the guest of honor and will address the ladies at 9 o'clock. All interested in the work are cordially invited.

Miss Harriet Leonard is in Chicago.

Miss Minnie Henze returned from Huntington last evening.

Mrs. C. B. Lincoln and daughters have returned from Logansport.

Miss Anna Donaldson will leave Thursday morning for Valparaiso.

Mrs Barney Boehn, of 10 Winch street, is visiting friends in Angola.

Mrs. A. L Greibel will leave Thursday morning for a month's outing at Rome City.

Mrs. L Leilich and son, of Delphos, Ohio, are visiting Mrs. P. J. Hess, of East Creighton avenue.

Mr. and Mrs. Ben Roush returned today from Rome City, where they have been spending their honeymoon.

Mrs. McIntosh, of Hoagland, is visiting her sister, Mrs. Ira Barkley, at their suburban house north of the city.

Misses Maud and Sophia Seabold entertained Mr. Miles Moore and Mr. Isma Cloud, of Montpelier, Ind., over Sunday.

Miss Lizzie Geager, of Danville, Ill., has returned to her home after a week's visit with the Misses Seabold, of West Main street.

Professor and Mrs M. A. Brannon, of South Forks, S D., are expected in Fort Wayne next week to be the guests of Judge and Mrs. Robert Lowry.

Mrs. A. C. Katt, of 69 West Berry street, will entertain the ladies of the Grace Reformed church at a missionary tea Thursday afternoon, from 3 to 7 o'clock.

Miss Pauline Schiemer of Chicago, Ill., spent Saturday and Sunday in Fort Wayne as the guest of Mr. and Mrs. George Jamison, of 72 Douglass avenue.

Councilman and Mrs. W. H. Tigar will leave this evening for New York, where they expect to be the guests of Walter and Herbert Tigar for about two weeks.

The Woman's Club League, of Fort Wayne, will tender a reception to Mrs. Cameron, of Wabash, tomorrow afternoon from 5 to 6 o'clock, in the parlors of the Fort Wayne club.

At the organization of the Young Woman's Christian association of Indianapolis, last evening, Mrs. F. F. McCrea was elected president. Mrs. McCrea is also state president, and will be tendered a reception this evening by our local society, in their rooms, 24 West Wayne street.

The convention of the Walther league at Cleveland, July 14 18, will be attended by the following Fort Wayne delegates. George Danfelser, Herman Seimon, Prof. Benhoff, Prof. Merentz, Lewis Siebold, William Baach, H. W. Swayne, William Lohrman, Carl Speigel and William Kirchner.

Miss Metha Baals entertained friends last evening at her home at No. 94 West Main street, in honor of her sixteenth birthday. Music and games were features of the evening. A dainty three-course lunch was served. At a late hour the friends departed, wishing the hostess many happy returns of the day.

Mr. and Mrs. Henry Beadell, accompanied by their daughter, Fannie, will leave on Thursday to spend a six weeks' vacation at Thousand Islands, Canada. They will be accompanied by Mr. and Mrs. John Jamison, of Grand Rapids, Mich. Mr. Jamison is well known here, at one time being one of the proprietors of the Boston store.

Last night the Ladies' auxiliary of the Caledonian society presented their president, Mrs. James Cairns, with a handsome gold watch and chain as a mark of their esteem. Mrs. Cairns leaves in a few days to visit her old home in Scotland, and the society arranged a surprise for her at their social and entertainment which was given last night. Hon J. B. White presided at the meeting, which was a particularly enjoyable one.

Mrs. A. A. Taylor, of Cambridge, Neb., entertained friends in honor of Mrs Ora Bain, of Fort Wayne, who is her guest for the summer. Mrs Taylor and Mrs. Bain received in the reception room under a bower of roses. Mrs. Taylor wore a black silk dress and diamonds, and Mrs. Bain wore a cream silk dress and red roses. At midnight an elegant supper was served. The following item appeared in the Cambridge paper: "Miss Hazel Taylor received friends Thursday evening, from 5 till 9 o'clock, in honor of Miss Lulu Bain, who is her guest for the summer."

The U., L and S club held their first yearly anniversary last evening at the home of Mr. and Mrs. J. A. Black, on Eliza street and it was a grand affair. Those present were Mr. and Mrs. W. Bradshaw, Louie Dickerson, H. A. Brown and Edwin C. Smith, with the following members of the club: Messrs. and Mesdames H. A Young, D Wallace, W. Miller, T. Williams, E Jones, J. A. Black, Mrs. C. Gresham and Mr. R Hill. The house was decorated

(CONTINUED ON THIRD PAGE)

I find the ROYAL BAKING POWDER superior to all the others in every respect. It is purest and strongest.

WALTER S. HAINES, M. D.

Consulting Chemist, Chicago Board of Health.

Fig Pudding.

One-half pound good dried figs, washed, wiped and minced, 2 cups fine dry bread crumbs, 3 eggs, ½ cup beef suet, powdered, 2 scant cups of sweet milk, ½ cup white sugar, little salt, ½ teaspoonful Royal Baking Powder, dissolved in hot water and stirred into milk. Soak the crumbs in milk, add eggs, beaten light with sugar, salt, suet and figs. Beat 3 minutes, put in buttered mould with tight top set in boiling water with weight on cover to prevent mould from upsetting, and boil 3 hours. Eat hot with hard sauce or butter, powdered sugar, 1 teaspoonful Royal extract Nutmeg.

Indian Pudding No. 2.

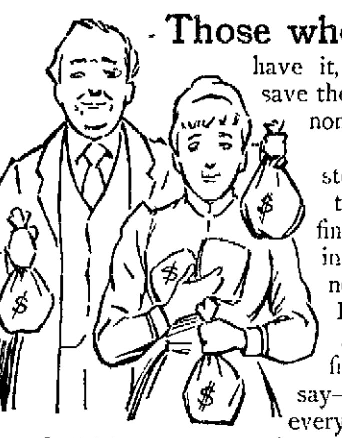

One half cupful flour, 1½ cupfuls corn meal, ½ cupful syrup, ½ teaspoonful salt, 1 quart milk. Mix flour, corn meal, salt and cupful of milk together, pour the rest on it, boiling, stir once in a while for 30 minutes; bake in moderate oven 2 hours, in well buttered pudding dish, serve with Wine Sauce.

Catarrh Cannot be Cured

with LOCAL APPLICATIONS, as they can not reach the seat of the disease. Catarrh is a blood or constitutional disease, and in order to cure it you must take internal remedies. Hall's Catarrh Cure is taken internally, and acts directly on the blood and mucous surfaces. Hall's Catarrh Cure is not a quack medicine. It was prescribed by one of the best physicians in this country for years, and is a regular prescription. It is composed of the best tonics known, combined with the best blood purifiers, acting directly on the mucous surfaces. The perfect combination of the two ingredients is what produces such wonderful results in curing Catarrh. Send for testimonials, free.

F. J. CHENEY & CO., Props., Toledo, O.

Sold by druggists, price 75c.

Those who have the most have it, as a rule, because they save the most. They're more economical. These people buy Pearline. Proof—in all stores of the better class throughout the land, you'll find the sales of Pearline far in the lead. Now, these economical people wouldn't use Pearline for their washing and cleaning, if they didn't find it to be just what we say—the most economical in every way. Would they?

Send it Back. Peddlers and some unscrupulous grocers will tell you "this is as good as" or "the same as Pearline." IT'S FALSE—Pearline is never peddled, and if your grocer sends you something in place of Pearline, be honest—*send it back*. 440 JAMES PYLE, New York.

HIGGINS DEAD.

A Former Fort Wayne Engineer Dies at Columbus.

Brakeman G. W. Fleming Meets With a Sudden Death at Churubusco—Changes on the Pennsylvania Lines.

The many Fort Wayne friends of W. C. Higgins will be shocked to learn that that gentleman is dead. Mr. Higgins represented the Columbus, Ohio, branch of the Order of Railway Conductors at the biennial convention at Atlanta and was then apparently in the best of health. He was taken ill shortly after returning home and after two hours of intense agony died. News of the death was received here yesterday, through the insurance branch of the order, and it is not generally known yet. Mr. Higgins was formerly employed on the Nickel Plate road and made this city his home. He left here about five years ago, going direct to Columbus, where he resided up to the time of his death.

SHOCKING ACCIDENT AT CHURUBUSCO.

G. W. Fleming, freight brakeman on the Peru and Detroit division of the Wabash, was killed Saturday night about 9.30 o'clock at Churubusco. He was in the crew of Conductor Thompson, who had charge of train No. 62, eastward bound. The manner in which the unfortunate man met his death is unknown. Conductor Thompson reports that at Churubusco he and Fleming got out of the caboose and put on a stock car. He did not see Fleming get on the train but apprehended nothing wrong, supposing he was at the head of the train. Hence the man was not missed until the train reached La Otto, eight miles east. At this station Thompson telegraphed to the office at Peru that Fleming was missing and the crew on train No. 99, headed west was notified to look out for him. On reaching Churubusco, the trainman were appalled by a ghastly sight. Lying across the track were the remains of Fleming. His body lay in two parts, being severed at the waist. The remains, terribly disfigured, were picked up and sent back to Montpelier and given in charge of an undertaker to be prepared for burial. Fleming's home was at Montpelior, where he leaves a wife and several small children. He was about thirty-four years of age and entered the service of the Wabash in November, 1891.

BRIEF MENTION.

Fireman D. H. Griffin, of the Pittsburg, is sick.

Fred Kraft, of the Pittsburg boiler shop, is sick.

McDonald's horses left on No. 6 this morning for New Jersey.

Claim Agent J. L. Head, of the Wabash, was in the city last night.

The Eastern Star has postponed its Eagle Lake excursion indefinitely.

Ben Miller has taken a position in the machine room at the electric works.

Sickness prevents George F. Banta from reporting for duty at the Wabash pain shop.

William Palmer, boss of the car axle gang at the Bass works, is sick and off duty today.

The Pittsburg pay car left at 7:15 this morning, after paying all the employes at this point.

Frank Getts has taken a position at the electric works under Foreman Percey Bosworth.

Fred Stellhorn has taken his old position in Foreman Knothe's room at the electric works.

Machinist L. Hafferner, of the Bass works, resigned yesterday, to accept a position elsewhere.

W. H. Case, tinsmith at the Wabash shops, has recovered from his recent illness and is working again.

Al. Donaldson, who is now employed at Warsaw, spent Sunday in this city, returning to that place last night.

George H. Wilcox, painter in the Pittsburg shops, is attending a family reunion near Larrimore lake today.

Miss Anna Backes, daughter of Foreman Matt Backes, of the Wellsville shops, is visiting relatives in the city.

Jacob Donovan, a timber dealer, of Antwerp, Ohio, was in the city today on business with the Standard Wheel works.

Drs. William W. Shryock and J. O Keller left over the Wabash this morning for Detroit, to attend the dental association.

Tinner Charles Gable, who works for Gerding & Aumann, on Wallace street, left this morning for Defiance, Ohio, to visit friends for a few days.

There were 170 persons in the excursion party to Rome City, which left this morning. It was under the auspices of St. Michael's union.

All the Sunday schools of Wabash united in an excursion to Eagle Lake today and sent between 1,000 and 1,200 people to that resort. The train came up to Warsaw over the Big Four and then ran up to Eagle Lake over the Pittsburg.

Nickel Plate Brakeman F. Liggett is sick and off duty.

Nickel Plate Conductor Frost resumed work yesterday after a short lay off.

Superintendent C. D. Gorham, of the Nickel Plate, went to Chicago last evening.

F. I. Stump, Nickel Plate brakeman, has gone to Dayton, Ohio, to spend a few days.

J. H. Kepler and L. B. Buchanan, Nickel Plate brakemen, are taking a short vacation.

D. P. Copper, traveling passenger agent of the Baltimore and Ohio road, is in the city today.

After a few day's illness Ferdinand Noll resumed work in the Wabash shops this morning.

Chief Justice Fuller passed through the city yesterday, en route from Chicago to Washington.

The Vandalia is working more men in its shops than at any time within the last three years.

Nickel Plate Engineer Bottger returned to his duties on the road yesterday, after a brief absence.

S F. Bowser's Sunday school class, numbering 105 young ladies, are picnicing at Eagle Lake today.

J. M. Garvin, superintendent of the Bass Foundry and Machine works' furnaces at Rock Run, Ala, is in the city today.

Dr. J. E. Miller went out on the St. Joe road four or five miles this morning to amputate a finger for a young farmer.

Ralph Swinburn, said to have been the oldest locomotive engineer in the world, died in West Virginia last week, aged ninety one years.

W. Greenslade, a brakeman on the Nickel Plate, has taken a vacation and it is rumored among the trainmen that he is going to be married.

George McFarren, fireman on Nickel Plate engine 31, is off duty on account of sickness. Fireman Rose, of engine 158, is off for a few days' rest.

After an absence of three months, Peter Johnson this morning resumed his old position in the blacksmith department of the electric works.

Engineer John Carroll has Wabash engine 38 out on her trial trip today. Tomorrow the engine will go into service between Andrews and Toledo.

Among the Fort Wayne delegation to the Christian Endeavor convention at Boston will be A. L Potts, a telegraph operator at the Pitteburg offices.

William Lenz, who had been employed as clerk in the boiler department of the Bass works, resigned last night to engage in some other occupation.

Oscar Lindlof, of the electric works, is taking a vacation in order to entertain his sister, from New York, who is visiting here. Today they are in Rome City.

Charles Greenick, son of Passenger Fireman A. A. Greenick, of the Pittsburg road, commenced an apprenticeship in the Wabash machine shop this morning.

Mr. and Mrs. Charles Druhot have gone to Churubusco to spend a few days with the lady's parents. Mr. Druhot is a moulder and is employed at the Bass foundry.

The Grand Rapids and Indiana railroad and the Electric corporation will pay their employes next Thursday. On Friday the Nickel Plate pay car will arrive in the city.

Engineer C. S. Sawyer and Fireman Fred Scott, of the Wabash, came up from Andrews last night and remained here until this morning. Mr. Sawyer's family reside in this city.

At noon today a long train of coaches, loaded with delegates to the Republican League convention, left Chicago for Cleveland and will pass through this city at 5:20 tonight.

Mrs. G. L. Chrisholm, wife of the Nickel Plate brakeman, has partially recovered from her recent severe attack of sickness and that gentleman has resumed his run on the road.

Thursday afternoon the ladies' auxiliary of the Order of Railway Conductors will hold an important meeting at which several applicants for admission into the order will be initiated.

The improvements which are now in progress in the engine room at the Wabash shops, which includes a compressor for operating air machinery, will probably be completed and ready for business next Monday.

Andy Koontz and Thomas Quinn, Pittsburg engineers, resumed work this morning after a week's absence. Mr. Koontz was off on account of a sprained wrist and Mr Quinn was off duty on account of the death of his mother.

A boom has struck the electric works and the employes were notified this morning that until orders began to stack up they would work thirteen hours per day. There never was such a demand for electrical machinery at this time of the year.

Mrs. Anderson, wife of Nickel Plate Conductor Andrew Anderson, is suffering from nervous prostration, caused by the accident which befell her nephew, George Kinzie, who was so severely injured a week ago.

In order to facilitate the movement of the through passenger trains over the Pennsylvania road at Altoona and other division points, the crews of both divisions must be on hand to make any required changes.

The social which was to be given at the home of Conductor and Mrs. A. Anderson next Thursday evening by the ladies' auxillary of the Order of Railway Conductors has been postponed on account of the illness of Mrs Anderson.

The tank cars which the Memphis Car and Foundry company is building to haul molasses in, it is said, is to be a success. Their appearance is much similar to an oil tank car. The dome to the car is of sufficient size to admit a man to clean out the tank.

George Kinzie, the brakeman on a Nickel Plate local freight train who was so badly injured in the yards a week ago, is getting along nicely at St Joseph hospital. It was necessary to amputate only a part of the foot and the heel remains intact, a very fortunate circumstance.

Large blocks of Iowa Central stock are changing hands and there is much speculation as to who the purchasers may be. At one time the Brice syndicate, which owns the Lake Erie and Western, was anxious to secure control of the property, and it may be that the stock is passing into their hands.

Early yesterday morning, M. E. Parker jumped off a westbound Pittsburg train at Warsaw and was cut in the chin and bruised and skinned generally. Parker resides in Warsaw, but for some time has been working in this city. He jumped on a freight train intending to make a brief visit with his old friends, and jumped off before the train came to a stop.

Dr. J. M. Kells, medical examiner of the Pennsylvania lines at Columbus, Ohio, in May increased the membership of the Pennsylvania Voluntary relief department on the Columbus division 252, the largest number of members ever received in one month on any division. Dr. Kells was stationed in Fort Wayne four or five years, leaving here about eighteen months ago.

E F. Brooks has succeeded Joseph Crawford as superintendent of the New York division of the Pennsylvania, the latter resigning on account of ill health. W. N. Banard, of the Altoona division, succeeds Mr. Brooks on the Maryland division, and R. E. Marshall, superintendent of motive power of the P., W. & B., is promoted to superintendent of the Altoona division; C. M. Mendenhall, road foreman of engines on the New York division, becomes superintendent of motive power on the P., W. & B.

The test of the trolley system, as made by the Pennsylvania on its Mount Holly branch, has developed the fact that the best speed of the present trolley motor, with two ordinary passenger coaches, is forty-two miles per hour. The test was made last Thursday and two trolley poles were used, so that at the highest speed there was no flashing of the wire. The second car, which is to be tested soon, will be equipped with more powerful motors, and it is expected that a speed of sixty miles an hour can be attained.

The Master Car Builders' association, which held its convention last week, has 206 active, 140 representative and five associate members; a total of 351. The representation covers 1,157,830 cars. The smallest number of cars represented is thirty, and the largest 53,127. It has established standard practice for almost every part of a car, from wheel thread to running board, and in matters of interchange its authority is unquestioned. Considering the small way in which the association began and the difficulty of reconciling varying practices which were at first thought to be necessitated by local conditions, the record of work is something remarkable—but there is plenty of work ahead.

Purity allied to strength—is the slogan of Price's Cream Baking Powder.

Boston Excursion.

July 5th to 9th, inclusive, the Lake Shore and Michigan Southern Ry. will sell very low rate excursion tickets to Boston and return, account Y. P. S. C. E. Convention. Many privileges of route and interesting side trips.

Send 2 cent stamp to A. J. Smith, G. P. & T. A., Cleveland, O, for folder of information, containing map of Boston and itinerary for seeing Boston and its environs. 18 22 27 29

Lemon Pudding.

Two stale Sally Lunn Muffins or bread, juice 2 lemons, 1 teaspoonful Royal Extract Lemon, 1 cupful sugar, 4 eggs, 1 tablespoonful butter, 1 pint milk Grate muffins, put in bowl, pour in milk, boiling, cover with plate, set aside for 30 minutes, then add sugar, butter, beaten eggs, extract, and juice, mix together, and pour into well buttered pudding dish, bake in rather hot oven 45 minutes, serve with Lemon sauce.

Huckleberry Pudding.

Three stale sugar muffins or bread, 3 cupfuls huckleberries, 1 cupful sugar, 1 teaspoonful each Royal Extract Cinnamon and Cloves, 1½ pints milk, 3 eggs pinch salt Grate muffins, place in bowl, pour over milk, boiling cover with plate, stand 30 minutes, add eggs, beaten, sugar, salt, extract, and berries, mix and put into buttered pudding dish and bake in moderate oven 45 minutes, serve with spice sauce.

The U. S. Government Tests Show the Absolute Superiority of Royal Baking Powder.

(Data from the latest Official U. S. Government Report on Baking Powders, Department of Agriculture, Bulletin 13, page 599.)

ROYAL is placed first of the cream of tartar powders; actual strength, 160.6 cubic inches of leavening gas per ounce of powder.

Every other powder tested exhibited a much lower strength than the Royal, the average being 33 per cent. less.

Every other powder likewise showed the presence of alum or sulphuric acid.

The claim that this report shows any other powder of superior strength or purity has been denounced as a falsehood by the Government officers who made the tests.

ROYAL BAKING POWDER CO., 106 WALL ST., NEW-YORK.

SOCIETY GOSSIP.

(CONTINUED FROM SECOND PAGE)

with the club colors, and light refreshments were served at a late hour.

Miss Bessie Felton, who has been visiting her cousin, Miss Anna Donaldson, for the past two weeks, will be married in Valparaiso to Mr. Charles Jeffrey, cashier of the Chesterton bank. The ceremony will be performed at 6 o'clock Thursday evening in the Presbyterian church of that city, after which a reception will be tendered them at the home of Mrs Gardner, sister of the groom. Miss Felton is a charming young lady and made many friends while in our city.

Last evening, at their pleasant home No 17 East Suttenfeld street, Mr. and Mrs. Enoch Cox celebrated the twenty-fifth anniversary of their wedding. The lawn was lighted by two large headlights, Mr. Cox being storekeeper for the Pennsylvania company. The guests thoroughly enjoyed the evening, spending the time promenading the lawn or listening to the musical selections rendered by some of those present Dainty refreshments were served. The presents were numerous and beautiful. Some of them were: Bread tray, gravy spoon, pie knife, cake spoon, fish knife, four sets teaspoons, carving set, oyster set, cheese spoon, orange spoons, watermelon spoon, four sets berry spoons, syrup cup, tomato spoon, cream spoon, cut glass dish, $25 in cash, bon bon spoon and numerous other articles Among the donors were Mr. and Mrs. Fowler, Mr. and Mrs. Robert Ogden, Miss Margaret Muhrhead, Mr. and Mrs. Harry Medsker, Mrs. Gerke and family, Mr. and Mrs. Max Horning, Mr and Mrs. F. J. Voirol, Mr. and Mrs Levi Griffith, Mr. and Mrs James M. Griffith, Mr. and Mrs. H. S Vreeland, Mr and Mrs. Ortman, Mrs. Nettie Borden, Miss Lena Buehl, Dr. and Mrs. C B Stemen, Dr. and Mrs G C. Stemen, Mr. and Mrs A. H. Polhamus, Mr. and Mrs. Colney, Mr. R. L Higginbotham, Delphi, Ind; Mr. and Mrs. James Humphrey, Mr. and Mrs. F. D. Hoham, Mr. and Mrs. S. Speece, Mr. and Mrs. Will Kilgore, Mr. and Mrs. A. Johnson, Mr. and Mrs. Spanley, Mrs. Anna Kucher, Mr. and Mrs F. H. Pool, Mr. and Mrs. J. Keplinger, Mr. and Mrs. C M. Jones, Mr. and Mrs. Herman Kucher, Mr. and Mrs. B W. Applegate. The following from Delphi, Ind, sent presents: Mesdames Kerlin, Burr, Gresham, Boyd, Pollard and Fawcett The Pennsylvania employes associated with Mr Cox to the number of about fifty contributed a beautiful tea service of six pieces. Others from Delphi who donated were Dr. C. E. Angell, Miss Mattie Graham, Mrs Emma Gresham, Mr. and Mrs. Sam Barnett and Mrr. Att Ball.

White teeth, sweet breath, a fragrant mouth,
There are no charms surpassing these,
Abroad, at home east, west, north, south,
These three prime charms are sure to please.
All those who SOZODONT apply
Will have these charms—take heed and try.

WHEELING WIT AND WISDOM.

A long head does not indicate wisdom on a bicycle

Not one rider in 100 knows what not to do in a cycling emergency.

A lie on its face—the distance shown on the dial of an inaccurate cyclometer.

A dollar saved on the price of a wheel is a dollar you never bought any fun with.

All things in racing come to those who, having sufficient speed, know when to stop waiting tactics

Records are like wills As soon as they are made there is an effort on the part of all concerned to break them

Cycling contentment consists in the temporary forgetfulness of the improvements you propose having on the next wheel you get

While, in a slangy sense, it may be correct to refer to the doctors in charge of a lunatic asylum as wheel repairers, yet it is an unkind way of telling the truth.

After a rider becomes eligible to the "old timers' guild" he usually finds it very difficult to understand why the newcomers in the sport want to do just as he did when he was a novice

The whining schoolboy mounted upon a bicycle no longer creeps like a snail unwillingly to school, but scorches along at an eight or ten miles an hour gait. Modern Shakespeares please note.—Wheel

The Discovery Saved His Life.

Mr C. Caillouette, Druggist, Beaversville, Ill., says: "To Dr. King's New Discovery I owe my life. Was taken with La Grippe and tried all the physicians for miles about, but of no avail and was given up and told I could not live. Having Dr. King's New Discovery in my store I sent for a bottle and began its use and from the first dose began to get better, and after using three bottles was up and about again. It is worth its weight in gold. We won't keep store or house without it" Get a free trial at Dreier & Bro.'s Drug Store

Cure For Headache.

As a remedy for all forms of Headache Electric Bitters have proved to be the very best It effects a permanent cure and the most dreaded habitual sick headaches yield to its influence. We urge all who are afflicted to procure a bottle, and give this remedy a fair trial. In case of habitual constipation Electric Bitters cures by giving the needed tone to the bowels, and few cases long resist the use of this medicine. Try it once Large bottles only Fifty cents at Dreier & Bro.'s Drug Store.

Bucklen's Arnica Salve.

The best salve in the world for cuts, bruises, sores, ulcers, salt rheum, fever sores, tetter, chapped hands, chilblains, corns and all skin eruptions, and positively cures piles, or no pay required. It is guaranteed to give perfect satisfaction or money refunded. Price 25 cents per box. For sale by Dreier & Bro.

Prepared For Honors.

Hatter—But, my dear sir, that hat is so large that it slips down over your ears.

Smithers—Oh, that's all right It will fit me by Sunday I have three bridegroom dinners on before then.—New York World.

NEWS NOTES.

George S. Ensley, of Elida, Ohio, is visiting his brother, Dr. Ensley, of this city.

T. E Jabas left last night on a business trip. He will be absent about two months.

The congregation of the St. Mary's Catholic church will have a picnic on the Fourth of July.

There will be a meeting of the Home lodge, No. 342, F. & A. M., to confer the second degree this evening

The Canadian Jubilee singers will give an excellent concert tonight at the Wayne street M. E church for the benefit of the Ladies' Furnishing society.

At their meeting next Monday night the Phoenix lodge, Knights of Pythias, will have an election of officers and a banquet. At the meeting last night there were two initiations into the rank of knight.

This morning Mrs. Aborn, an account of whose arrest appeared in yesterday's SENTINEL, plead guilty to the charge against her and was fined $5 and costs by 'Squire Hayes, acting Mayor. The docket was stayed.

Lewis Sauser, the jeweler of 188 Calhoun street, arose to go down stairs last night and tripped and fell down the stairway, cutting a gash on his head and bruising himself generally. Dr. McOscar attended him.

Misses Lucy and Nellie Tiernan left today for Rensselaer to attend the closing exercises at St. Joseph's college. They will visit at Chicago and Lockport, Ill., accompanied by their nephew, Thomas Travis.

Andrew Scheie, the young man who was assaulted by footpads last Saturday evening, is at his home on the east side and is confined to his bed. His condition is quite serious as his face is swollen and cut. Blood poisoning is feared.

Last evening while Tom Hedikin, jr., and Dr. Nierman were riding A. L. Randall's "Winton" tandem, on West Wayne street, they were run into by a frightened horse. Both young men were badly shaken up and bruised and the wheel was considerably demolished.

At a meeting of the Working Girls' Federal Labor union No. 6,121 last night the following officers were elected: President, Amanda White; vice-president, Anna Dudenhofer; recording secretary, M. B. Gorsline; financial secretary, Mary Schuler; treasurer, Minnie Phelps; guide, Annie Burt, guard, Amelia Zimmerman

Those who attend the concert given this evening at the Wayne street M. E. church by the Canadian Jubilee singers, one of the best organizations traveling, will hear the finest program of song and music ever rendered in this city. This famous band of singers have no peers as entertainers and they give their audiences a delightful evening of pleasure.

Court No. 15, Tribe of Ben Hur, elected officers last night as follows: Chief, H. A. Howell; past chief, N. Conover; teacher, Mrs. Dr. Whery; judge, Henry Brindle; scribe, J. A. Hellings; keeper of tribute, A. S. Coverdale; captain, Dr. Harry W. Pierce; guide, S. S. Scoville; keeper of inner gate, C. J. Compton. keeper of outer gate, M. Woods. A public installation of officers will be held Monday night, July 1, with music and refreshments.

The corner stone of the new Lau building, corner of Calhoun and Washington streets, will be laid next Tuesday evening. The local lodge of Elks will have charge of the ceremony and the event promises to be of unusual interest, being the first of the kind in which the society has participated. The ceremony will be preceded by a parade by the organization about the principal streets. The Hon. R. C. Bell will deliver the oration and the corner stone will be laid in accordance with the impressive ritual of the organization.

SELLS HIS HAIR.

Once a Year Lon Bishop Makes a Small Pile.

Lon Bishop of Searsburg, Vt., is a singularly fortunate man. He has an assured annual income for merely sitting around and letting himself grow. When he was but a young man, he began to let his hair grow winters to keep his ears warm in the woods. Observe the result. After several years of letting himself grow thus he discovered there was a demand for himself.

Young women, who didn't know what was the matter with their hair; single women of advancing years, who had reached the sad melting period of life; elderly married women, whose husbands considerately cheered their way in the sacred family circle by telling them they were getting immodestly bald—all these sought clandestine rendezvous with Alonzo and whispered their vague, hidden wants into his willing ear.

He soon found in this way a select line of personal customers for his product and no questions asked. And now for years veiled women have come up to the mountain home throughout the year and bought off the fleece. They know what they are getting.

So every July Alonzo goes down to some town at the foot of the mountain for his annual hair harvest and comes back again shorn, with a little newspaper bundle. It is a beautiful crop, thick and soft and black and fully a foot in length, all twisted up into heavy natural curls. One year, he says, he got as much as $15 for his hair, and $15 is a good slice of the year's expenses in Searsburg.—Springfield Republican

ELEPHANT'S PRIVATE CAR.

It Is Being Built Very Strongly Because of the Creature's Curiosity.

The Memphis Car and Foundry works is building a circus train of six cars, which, when completed, will make a train as long as two ordinary trains of that size. There are one elephant car and five flat cars in the course of construction. They are nearly twice as long as the ordinary car. The timbers and the irons are much heavier in every respect.

The elephant car is remarkable. This animal is said not to be savage, but of an inquiring mind. He wants to know what is going on without, and he frequently thrusts his trunk through and rips open the side of a car and views the landscape at his will until the keeper can have him more securely closed in.

The builders flatter themselves that Jumbo's kin will not let himself out of this car. It is eight feet clear on the inside and is 50 feet long. Its sides are of double thickness. The outer wall is of cypress and the inner of smoothly dressed oak. There is not a bolt head nor a bar that he can get hold of to twist out with his trunk. The barred windows are covered with wrought iron bars that are fastened under the walls with bolts.—Memphis Commercial-Appeal.

WARSHIPS OF THE FUTURE.

Commander Ashe Comments on the Naval Side of the Eastern Question.

Commander E. P. Ashe of the British Royal navy was recently in New York on a visit. Commander Ashe was attached to a British warship which was on duty at the Hongkong station, in the China sea, during the war between China and Japan. In speaking of the war he said: "I studied it from a distance. Being on duty at Hongkong, I was, you will see, almost as far away from the scene of hostilities as you are. There was some pretty hard fighting, and naval experts were furnished with some valuable data.

"One thing that has been demonstrated by these sea fights is that the warships of the future must be absolutely free from all woodwork. The impact of a solid shot or shell with the armor generates sufficient heat to set fire to light woodwork, or a cabin curtain, or any light combustible. The splinters torn off by a solid shot or an exploding shell from the armor are hot enough to set fire to woodwork, and so there must be nothing about the vessel that will burn easily."—New York Tribune.

Proof against misrepresentation always—Dr. Price's Baking Powder. The people know and like it.

Ex Policeman Rohrer is ill with inflammatory rheumatism.

What Others Say of the G. & J. Tires.

Peerless Mfg. Co., manufacturers of the "Peerless" and "Triangle" bicycles, write: "We are well satisfied with the results of the G. & J. wood rim tires so far this season. They appear to be standing up all right, and we have had no complaints worth speaking of from any of our trade."

The Buffalo Wheel Co., makers of the "Niagara" cycles, write:

"It is with great pleasure and satisfaction that we write you that your G. & J. tires fitted on wood rims and placed on our "Niagara" bicycles have given us absolutely no trouble this season."

Geo N. Pierce & Co., of Buffalo, N. Y., who manufacture the "Pierce" bicycle, have this to say:

"We have used a large number of your 1895 G. & J. tires on G. & J. wood rims, and have found them very satisfactory. We consider them one of the very best of the clincher types of tires. We are particularly pleased with their good appearance on the wheel, as well as their lasting qualities."

The Winton Bicycle Co., of Cleveland, Ohio, says:

"The G & J. tires gives little or no trouble at all. I wish we could say the same of all tires."

Columbus Bicycle Co. write:

"We have had no trouble to speak of with the G. & J. wood rim tires so far this year, and if they hold up as well in the future as they have in the past, we shall have no complaints to make."

The Kearney Cycle Co., of Kearney, Neb., add the following postscript to a tire order:

"We pronounce the G. & J. detachable tire on wood rim a complete success, and recommend no other."

The manufacturers of the "Metropole," probably the most prominent and influential of the bicycle manufacturers of France, have issued a circular letter to their agents, in which they say that they "will use no other tire but the G. & J. hereafter."

G. & J. tires will cost you no more than other tires; why not demand them?

FRANCES WILLARD

Refutes the Charges of Being an Apologist for Lynching

And Brings the British Women's Temperance Association to the Point of Believing in Her Sincerity.

LONDON, June 18.—There was a large and enthusiastic gathering at the meeting today in the city temple of the British Women's Temperance association. Miss Florence Balgarnie accused Miss Frances D. Willard, president of the Women's Christian Temperance union, and the Women's Christian Temperance union of America of being apologists for the lynchings in the south parts of the United States. But both

MISS FRANCES E. WILLARD.

Miss Willard and the American Women's Christian Temperance union were amply exonerated from the charges. Miss Willard made a spirited defense of herself and of the union and was ably seconded by other delegates. A resolution carried unanimously, declaring that the council emphatically believed that the American Women's Christian Temperance union maintained towards the lynching question the same attitude as other Christian bodies, namely, that under no circumstances must human life be taken without process of law.

THE WORK OF FIRE.

Large Tracts of Timber Land Destroyed.

Mills and Lumber Yards Burned in Cairo, Entailing a Loss of $150,000.

BRADFORD, Pa., June 18.—A fire was started yesterday in the Hemlock stretches between Buttsville and Ormsby and could not be put out until considerable damage had been done. McKean Bros. and the Smithport Extract works lost a number of logs and bark. Two hundred men are at work and have the fire under control. It is not thought the fire will spread any further unless a high wind should spring up. Every available man is fighting fire, and their services command from $2 50 to $5 per day. The fires in the vicinity of Ritersville and Keshuqua are now confined to a stretch of territory eight miles long and three miles wide. Large embankments have been thrown up about Kushequa, and it is believed the town is safe, but a large force of men are on the scene ready for any emergency. Arnold & Gaffney, Gaffney Brothers, and Elihu Kane are the principal losers. Millions of feet of logs and lumber have been destroyed and hundreds of acres of standing timber. Everything is as dry as tinder and burns like chaff. A high wind would do untold damage. West of this city the sky is overhung by smoke and fires appear to be raging in the woods near Sugar Run and Weedsport. No news has been received from that section as yet.

CAIRO, Ill., June 18.—The Chicago Milling and Lumber company's plant, the Wolverine mills, owned by H. P. Paepcke & Co., of Chicago, was destroyed by fire, together with several hundred thousand feet of lumber. The loss foots up $150,000, the machinery alone being valued at $90,000. The insurance in Cairo agencies is $55,000. The loss is total and throws 150 employes out of work.

Pure and shining gold is the medal for highest honors awarded Dr. Price's Baking Powder at the California Midwinter Fair.

Attacked by Robbers.

NOGALES, Ariz., June 18.—E. W. Woodruff, paymaster for the Nacosari Copper company, managed by John Weir, of New York, and who is operating big mines in the state of Sornar, reports of Thursday last, while traveling by buckboard to Nacosari from Bisbee, Ariz., with money to pay the employes, he was attacked by masked men near Cachust, a point about forty miles south of the Arizona line and more than 100 miles southeast of Nogales. The driver, a man named Moreno, was killed and $6,000 was taken by the brigands.

The Royal Baking Powder Company controls its own cream of tartar factory and the process of making the only absolutely pure cream of tartar. It sends its product to millions of homes all over the world, supplies the Army and Navy, the great transatlantic steamers, the finest hotels and restaurants. The "Royal" is recommended by the best chefs and authorities on cuisine in every land. Its sale is larger than that of all other cream of tartar baking powders combined and it has more friends among housekeepers than any other similar article.

A Big Find.

STOCKTON, Cal., June 18.—A number of Stocktonians are on the qui vive over the reported find of over $1,000,000 treasure on the island of Cocrs near Veraguas in the department of Palama. There are some thirty citizens who think they have an interest in the millions of Spanish doubloons supposed to have been hidden on the island.

SHOOTING SCRAPE.

Neighbors Quarrel Over a Little Chicken.

Ditto Jones Killed by W. H. Cardwell—The Murderer Escapes, Pursued by a Lynching Posse.

BOWLING GREEN, Ky., June 18.—W. H. Cardwell shot and instantly killed Ditto Jones about 6 o'clock this morning, at Aberdeen, one mile from Morgantown, in cold blood. The trouble came up over a chicken that was recently killed by one of them, and on meeting this morning at Aberdeen they began quarreling and after a few words had been exchanged Cardwell drew his pistol and fired two shots into Jones' body, killing him instantly. Jones lived on a shanty boat with his family at Rockport, and Cardwell re-resides at Aberdeen. After the shooting Cardwell left for parts unknown, and it is thought he has gone to Indiana. It is reported here this morning that an organized posse of armed men is scouring the surrounding country for the murderer, and if captured he will be lynched at once. There is great excitement.

STRONGER AND HIGHER

Are the Quotations From the Market Centers.

Wheat, Corn and Pork Respond to the Bullish Influences and Go Up Several Points.

CHICAGO, June 18.—The news was all of a bullish character today and wheat was strong and higher. Additional rains in the southwestern winter wheat belt led to talk of a wet harvest; cables were higher; reports of a poor crop in France were current, and the foreign crop bulletins from Washington indicated a shortage in the field. July wheat opened at 74@74½c, against 73⅝c at the close yesterday; advanced to 74⅝c, receded to 73⅞c on sales to realize profits, and became quiet and steady around 74@74⅛c.

Corn started a little firmer in sympathy with wheat, at 49⅞c for July, against 49⅝c at the close yesterday; sold to 49⅞@49⅞c, and eased down to 49⅛c.

Oats were inclined to be easy.

September opened at ⅛@⅛c lower, at 28⅛@28⅛c, and sold to 28⅛c.

Provisions were dull but firm, in sympathy with hogs. September pork opened 7½c up at $12 82½, but eased off to $12 75. September lard was unchanged at $6 82½. September ribs started 5c higher at $6.02½@6 05, and weakened to $6.50.

CHICAGO, June 18.—Hogs, receipts, 15,000; official receipts yesterday, 35,525; shipments, 7,600; left over, 4,500; market active; light, 5c higher; others strong, at yesterday's best prices; light, $4.35@4 65; mixed, $4 40@4 75; heavy, $4.40@4 85; rough, $4 40@4 55.

Cattle, receipts, 3,600, including 1,500 Texans; market steady to a shade higher.

Sheep, receipts, 9,000; market strong, at yesterday's advance.

CHICAGO, June 18.—Wheat, June, 74⅛c; July, 74⅛c; Sept., 76⅛c; Dec., 78⅛c.

Corn, June, 49⅛c; July, 50⅛c; Sept., 51⅛c; Dec., 48c; May, 42⅛c.

Oats, June, 28⅛c; July, 22c; Sept., 28⅛c; May, 32⅛c.

Pork, June, $12.35; July, $12 42; Sept., $12.72.

Lard, June, $6.55; July, $6.57@6.60; Sept. $6 80@6 82½.

Ribs, June, $6.30; July, $6.35@6.37½; Sept., $6.57; Oct., $6.62.

The work of making convicts construct good roads throughout the great state of Texas is proceeding with commendable rapidity. The arrangement is that the state convicts shall prepare the material for roadmaking, while the county convicts shall do the work on the roadbeds themselves. If this plan is thoroughly carried out, it will be millions of money to Texas. Immigrants to the south and west will all want to live where there are good roads.

This great and glorious government now pays out 11 per cent of its revenues for interest on the public debt. If we continue to borrow gold as we have done during the past few years, half the revenues will, in course of time, be needed to pay interest on our debts. The question is how long will even this rich country be able to stand that kind of drain.

Patience is commended as the highest form of politeness, Dr. Price's Cream Baking Powder as the purest and best leavening agent.

Gomez Attacks.

HAVANA, June 18.—Maximo Gomez has attacked Alta Gracia and has burned the railroad station and many other houses. The garrison of the place, consisting of twenty-five soldiers, made a heroic defense, losing five in killed and having seven wounded.

The statistics show that there is used in the manufacture of the Royal Baking Powder more than half of all the cream of tartar consumed in the United States for all purposes. The wonderful sale thus indicated for the Royal Baking Powder—greater than that of all other baking powders combined—is perhaps the highest evidence of the superiority of this article, and of its indispensableness to modern cookery.

EARLY HARVEST.

Farmers in Cass County, This State, Cutting Wheat.

Forty Acre Clover Field Destroyed by Fire—Must Pay for Polluting the Water.

LOGANSPORT, Ind., June 18.—The earliest harvest ever known in this section of the country was begun last Friday, the 13th inst., in Boone township, Cass county. Peter Kennell cut and shocked on that day eight acres of wheat and, the day following, his neighbor, Fred Hartman, harvested a field of rye. Both grains will be less than one-third of a crop this season in this locality. Their maturity is hastened by the fact that the straw has been badly cut and deadened by fly, and the grains are all more or less shrunken. The prolonged drought has also contributed toward the diminishing of the crop.

BRAZIL, Ind., June 18.—Four miles north of here the forty-acre clover field of Perry Summerville was destroyed by fire yesterday. It took the combined efforts of fifty men to prevent further destruction of property. At Mill Branch, three miles east of this city, a forest fire raged yesterday afternoon. Several thousand dollars' worth of timber and property was destroyed before the flames could be extinguished.

LAPORTE, Ind., June 18.—W. E. Harding's machine shop, with its contents, was totally destroyed by fire early this morning. Loss, $3,000; insured for $1,400 in the Ohio Farmers' Insurance company. The fire was undoubtedly the work of an incendiary.

LAPORTE, Ind., June 18.—Mrs. Geo. Wilder, of East Chicago, was fatally burned yesterday. It was a successful attempt at suicide. The crazed woman saturated her clothing with gasoline and then deliberately set fire to her person, the flames enveloping her from head to foot. When assistance arrived her body had been frightfully burned, pieces of flesh dropping from her limbs. Financial resources were the cause of the rash act.

MUNCIE, Ind., June 18.—The suit of Addison Adkinson vs. the Utility Paper company, of Hartford, asking $100,000 damages for polluting the water of Lick creek with refuse from the mill, has been decided, and the plaintiff gets $400. If the verdict holds good in the supreme court, half a hundred suits will be brought against the strawboard and paper companies at Eaton, Albany, Muncie and Yorktown, in this (Delaware) county.

KOKOMO, Ind., June 18.—Mrs. Horace Loomis, whose husband is now in the insane asylum for the eighth time, has applied for a divorce, after having lived with him during twenty years of torture, without thought of legal separation. Last August Loomis assassinated his cousin, James Gregory, as the latter arose at midnight to administer a dose of medicine to the assassin's sick mother. Their home is at Shanghai, this county.

KOKOMO, Ind., June 18.—Last winter B. F. Winger, wife and little daughter, of Grand Rapids, Mich., were here visiting the family of F. H. Allen, superintendent of the Citizens' Power and Light company. While here their little child died of scarlet fever, and the railroads refused to transport the remains home. Today the parents started across the country with the corpse. The hearse will be eight days on the road, the distance from here to Grand Rapids being 240 miles.

LOGANSPORT, Ind., June 18.—The saloonkeepers of Cass county have stolen a march upon the opposition. At the last meeting of the board of county commissioners the majority of those liquor dealers whose licenses do not rightfully expire until after the September session made application for a renewal of license, intending in this way to forestall the remonstrances that might be made under the Nicholson bill. The prohibition element discovered the scheme too late to make any organized opposition, but employed a lawyer to fight the applications on the ground that they were not in order at this term. Last Saturday, however, in the test case brought against Andrew Conn, the county commissioners decided that the license should be granted and that saloonkeepers may legally demand and procure such license as often as they see fit to spend their money, providing there are not sufficient grounds for refusal.

No young lady is really accomplished unless she understands fine cooking. The finest is done with Dr. Price's Baking Powder.

Hanged for Murder.

ST. THOMAS, Ont., June 18.—John Hendershot and W. E. Welter, convicted at last assizes of the murder of William Hendershot, were hanged here this morning. The drop fell at 8:15.

"The Royal Baking Powder is a cream of tartar powder of a high degree of merit, and does not contain either alum or phosphates, or any injurious substances. E. G. LOVE, Ph. D.,"

Late U. S. Government Chemist.

EXTRA SESSION.

Governor Altgeld Issues a Call to Legislators.

The Special Session Necessary to Relieve the Deficiency of the State Treasury.

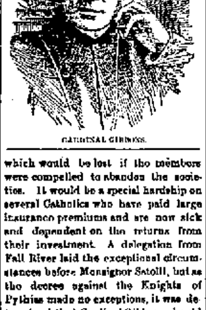

SPRINGFIELD, Ill., June 18.—Governor Altgeld today issued a call for a special session of the general assembly. The session will meet next Tuesday. In his message the governor says the special session will be asked to pass revenue laws to relieve the deficiency in the state treasury, to pass laws regarding sleeping car charges and regarding the justice courts of Chicago. The session is called for June 25.

CATHOLIC AND PYTHIAN

The Pope Will Decide Whether They Are Antagonistic.

Cardinal Gibbons Will Make a Strong Plea in Favor of the Knights of Pythias.

WASHINGTON, June 18.—Cardinal Gibbons has taken to Rome the documents concerning the Knights of Pythias societies of Fall River, Mass., with a view to having the pope make a ruling upon them. The case is a peculiar one, as the Fall River societies are composed very largely, if not entirely, of Catholic members. They have built up a beneficial insurance system, the benefits of

CARDINAL GIBBONS.

which would be lost if the members were compelled to abandon the societies. It would be a special hardship on several Catholics who have paid large insurance premiums and are now sick and dependent on the returns from their investment. A delegation from Fall River laid the exceptional circumstances before Monsignor Satolli, but as the decree against the Knights of Pythias made no exceptions, it was determined that Cardinal Gibbons should lay the case before the pope.

SPEED AT MYSTIC PARK.

William Penn Trots Three Fast Heats—2:10 Pace for Gil Curry.

MEDFORD, Mass., June 18.—Fully 6 000 people were out to see the opening meet, yesterday, of the light harness horses at Mystic park. The 2:38 class was the first one on the card and was won easily in straight heats by Wyoming. William Penn was the favorite in the 2:13 class, and, although he won the race in straight heats, he was crowded close every time he came under the wire, and in no heat was he more than half a length ahead of Edith H. at the finish. The big event of the day was the 2:10 pace. McCarthy drove the chestnut gelding, Paul, a beautiful race in the first two heats, doing the second heat in 2:11, crowded hard by Susie G. Paul began to cut up bad capers in the third and fourth, seeing a good chance, brought the little gray gelding, Gil Curry, Boston's favorite, to the front and won the next three heats, the last one being a hard drive. Wyoming, first; Georgiana, second; Maple Valley, third. Time, 2:20, 2:19½, 2:22. Mona, Jack, Lynn Bourbon, Clayton, Lady Walcott, Nelly and Silverware also started.

2:13 Trot, Purse $600—William Penn, first; Edith H., second; Amboy, third. Time—2:12¼, 2:11¼, 2:12¼. Judge Austin, Jesse Hanson and Wistful also started.

2:10 Pace, Purse $600—Gil Curry, first; Paul, second; Susie G., third; Whirligig, fourth; and Clayhontas, fifth. Time—2:13¼, 2:11, 2:11½, 2:12¼, 2:12¼.

CLEVELAND, Ohio, June 18.—For the first time in years the three great horsemen, Budd Doble, Orrin Hickok, and John Splan, will train together on the Glenville track this summer. Doble arrived today with a string of horses. Hickok will arrive with his string on Saturday, and Splan is already here.

Price's Cream Baking Powder is by "gold medal" appointment purveyor to the Kings, Queens and royal families of America.

The New York legislature enacted last winter a law establishing free baths in all cities of the first and second class in the state. To get money to construct such baths the city may borrow money or appropriate funds from its treasury. The form of wash most approved by medical and sanitary experts is the rain bath. Hot and cold water are both supplied. The bather goes into a sort of cupboard with slate or marble floor and walls, pulls a string, and the water, tempered just as he wants it, rains all over him. Then he gives himself a good soap rub, showers some more water over himself, wipes himself dry and comes forth a clean man. If money were appropriated by the cities for building such free baths as these, the free dispensaries and public hospitals would cost much less, and the whole community would be cleaner and healthier, morally and physically. If a poor working man had in the heat of midsummer a bathroom in which to refresh himself, the temptation to drink himself into oblivion would be less. Suicide, murder and insanity in the burning hot days would diminish.

"I find the Royal Baking Powder superior to all the others in every respect. It is entirely free from all adulteration and unwholesome impurity, and in baking it gives off a greater volume of leavening gas than any other powder.

"WALTER S. HAINES, M. D."

Chemist to the Chicago Board of Health.

CUT AND SHOT.

Dr. J. E. Miller has a Mysterious Caller.

Cares for a Wounded Man Wearing a Mask.

"No Questions to Be Asked" Was the Agreement—The Strange Individual Badly Hacked to Pieces—Very Odd Case.

Dr. J. E. Miller has a deep mystery on hand which neither he, the police or the reporters are able to fathom. It savors something of attempted murder, burglary or a crime of some unknown quality.

About 1:30 o'clock this morning the doctor and his wife were aroused by a knocking on their hall door, at their apartments over Miller's drug store, corner Lafayette and Wallace streets.

NO QUESTIONS TO BE ASKED.

The doctor arose and, going to the door, asked what the trouble was. A voice without inquired:

"Are you a doctor?"

The doctor replied in the affirmative.

"Well, I have a friend out here who is hurt. Will you fix him up?" inquired the stranger.

"What's his name?" asked the doctor.

"O, that doesn't matter," replied the man. "We have money and you can have the job, but no questions are to be asked, mind you."

THE DOCTOR HESITATES.

Dr. Miller thought the whole proceedings rather queer, to say nothing of being suspicious. Mrs. Miller, also, who had listened to the conversation, was considerably alarmed and begged of her husband not to open the office door.

However, the doctor thought some one might be in serious trouble and possibly dying, and from a purely humane point of view told the stranger to bring on his man.

The doctor dressed, and going to his office, in the front room, began to get out his instruments. In the meantime the fellow at the door had gone downstairs after the man whom he wanted "fixed up."

CUT AND SHOT.

A moment or so later two men came walking slowly down the hallway. One of the men was evidently badly wounded, as he could scarcely walk.

Dr. Miller opened the office door and in stepped the two men. The injured man had a white handkerchief tied over his face, exposing only his eyes. Very little was said. The injured man sank into a chair and Dr. Miller at once went to work to examine the wounds.

There was a bullet hole in the fleshy part of the left leg, about three inches above the knee.

Another wound consisted of a deep cut, three inches long, on the right arm.

On the left side of the face was a long gash extending downward towards the throat.

The worst gash, however, was on the right side and extended about five inches across the ribs. It was quite deep.

"FIXED" HIM UP.

In accordance with the agreement Dr. Miller went to work to "fix" the man up and ask no questions. First, the bullet was extracted from the under side of the leg where it had lodged. Then one by one the gapping wounds were sewed up. Some twenty stitches in all were required and it was 2:30 o'clock before the physician had finished his work.

All this time the wounded man never whimpered. He clinched his teeth when the pain was worst but was exceedingly gritty. His pal stood by with his hat drawn down over his eyes and carefully avoiding the doctor's gaze.

HAD A BIG ROLL.

When Dr. Miller was through with his work the wounded man's partner asked what the bill was, and upon being told went down into his pocket and brought out a big roll of bills, counting out the correct amount and handing it over to the doctor. The two men then went away as mysteriously as they came.

WERE WELL DRESSED.

The whole affair was so curious that the more Dr. Miller thought of the matter the more did he become puzzled. The two men were very well dressed and did not have the appearance of hobos. The wounded man had on only an undershirt beneath his coat and vest, but it was of very fine material. The shirt had evidently been so saturated with blood that it had been thrown away, as the man had a necktie in his pocket.

Dr. Miller knows nearly every one in town but says he believes neither of the men belong in Fort Wayne.

The wounded man was about five feet, seven inches in height, and had red hair. His partner was tall and slender. On the left arm of the man who was cut were the initials, "J. E. C." tattoed in India ink.

NO FIGHT REPORTED.

Last night was a very quiet one in police circles, and none of the officers reported any fights.

It is thought the two men are from some neighboring town and came here in a buggy, or are burglars fleeing from justice. The close proximity of Dr. Miller's office to the railroad would point to the theory that the men got off a train. Nothing has been seen or heard of the two men to day.

SCHOOL BOARD MEETS.

Miss Clara Phelps Made Principal of the Harmer School.

But Few Other Changes Made in the Corps of Teachers—Special Writing Teacher Discontinued.

The school board met at 9:30 a. m., in their office in the High school building, for the purpose, as previously announced, of passing upon the roll of teachers for the ensuing year.

Dr. John S. Irwin was elected superintendent, and Miss Mary Irwin, clerk. The nominations for principals were then taken up and acted upon. But few changes were made in the corps of teachers except in the matter of assignments, the most important of which was the election of Miss Clara Phelps to the position of principal of the Harmer school.

For reasons of economy, the board decided to discontinue the employment of a special writing teacher. The question of continuing the teaching of music was then discussed and postponed till a later date when the board could act more intelligently in the matter. The teachers appointed will receive immediate notice to that effect. The records of the secretary show that the appointments are made this year at about the same time as in previous years, at least, for the last five or six years.

Ran Off With the Cash.

DENVER, Col., June 18.—Henry J. Aldrich, president and general manager of the Colorado Securities company, has disappeared and the creditors of the concern are making strenuous efforts to ascertain his whereabouts.

Big Bond Sale.

NEW YORK, June 18.—Speyer & Co., of New York and London, have purchased $2,748,000 city of Chicago 4 per cent. gold refunding bonds, which will shortly be offered to the public of London.

Re-Elected President.

LONDON, June 18.—Lady Henry Somerset was re-elected president of the British Woman's Temperance association.

Mrs. Sophia Winklemeyer is very ill.

Money in Street Railways.

A little book called "Street Railway Investments," written by Edward J. Higgins, purports to give report of the risks, management and profits of street railways. The volume takes account of a number of these railways in the years from 1890 to 1893. We find for one thing that the net earnings of the roads have increased considerably since the change of motive power from horses to electricity. The increase is due more to diminished operating expenses than to increase in traffic, though the universal cropping up of electric roads has increased that too. As to the money to be made in street railway investments there is great variation. It costs as much to run cars in a town of 15,000 inhabitants as in one of 100,000, yet the difference in the number of passengers makes the profits in case of the small city so limited and uncertain that they are only worth considering by local capitalists, while in case of the larger place these profits range anywhere from 15 to 25 per cent net. In case of cities of the largest size, 500,000 and over, the net profits are still larger. However, all these companies are enormously overcapitalized, and the net income is carefully calculated on a basis of the earning powers of the road, its debts, etc. Taking the roads at their own capitalization, the investor receives on the money he puts in to street railway stock in a city of 100,000 and over anywhere from 6 to 8 per cent. These earnings are safe and steady, and Mr. Higgins considers that the money of women and minors can be invested in no better way than in good street railway stock.

Meantime in Great Britain street railways are rapidly passing under municipal ownership. The usual method is for the city to be the backer of a company that borrows the money and constructs the road. The city then leases the road to the company to make what it can out of it for a term of years, usually from 21 to 30 years. The time is calculated on the basis of the period required to wipe out the debt incurred in constructing the road. The company leasing pays to the city an annual rental equal to the interest on the money invested and an additional sum for the sinking fund, which is to cancel the debt. When the debt is all paid, the company turns over the road, with all its profits and emoluments, to the city. In July Glasgow becomes owner of such a railway. The sum which will thus accrue to the municipal treasury will go far to lighten the rate of taxation.

No other article of human food has ever received such emphatic commendation from the highest authorities as Price's Cream Baking Powder.

Horrible Deed.

CEDAR RAPIDS, Iowa, June 18.—Mrs. Sanford Gillis, wife of a well known farmer near Shellsburg, poisoned herself and three of her six children last night. She was known to be insane. All four died.

For many years the government has given its orders for Royal Baking Powder in preference to all others, it being found by the official examination, superior to the others in strength and purity and the only Baking Powder that will keep and retain its strength in the climates of the various countries to which it is sent by the departments.

COURT CHIPS

Picked Up After the Legal Logs Had Been Hewed

By Axes in the Hands of the Different Attorneys at Law of the City.

The county commissioners were transacting miscellaneous business today.

The new Indiana laws, passed by the legislature last winter, were distributed among the court officers today.

Charles H. Meyer and Minnie Kloepper, John E. Meyer and May E. Brames have been licensed to wed.

Ira Barcus called at this office today to say that he was not fined for "whipping his wife," but for assault and battery on his wife.

Justice France was engaged last evening in hearing the provoke case brought by Mrs. Martha Gleason against Mrs. Pyles. The former alleged that the latter had called her bad names and by her conduct had provoked her. The case was a hotly contested one, Prosecuting Attorney Colerick appearing for the state and Elmer Leonard for the defendant. The parties are residents of Duck alley and the testimony was sensational and highly interesting to the large crowd of spectators that thronged the court room. Both lawyers made vigorous and eloquent speeches, notwithstanding the hot weather. Justice France acquitted the defendant.

Judge W. L. Penfield, of Auburn, was sitting in the superior court here yesterday morning in the suit of Rehling vs. Rehling to quiet title. The case was continued.

Wilhelmina Becker et al. has sold to Wilhelmina Paul lot 61, Rockhill's addition, for $3,000.

M. D. and F. C. Barrett will lay out in lots and alleys, south one-half of Hanna's out-lot 1. The lots will be numbered from 1 to 11 and will be known as Barrett's addition.

The county commissioners have appointed Diederick Gelseking, Louis Thiele and George Litte viewers on the Standard oil road, and also appointed the reviewers.

Yesterday morning the county tax board of equalization met for organization and the following members were present: Assessor Heath, Auditor Edsall, Treasurer Beckman and Messrs. Herman Schnelker, of New Haven, and R. L. Romy, of Fort Wayne. Heath was selected president and Edsall secretary.

George Kninrick, who has been living with Ernst Cook, on Indiana avenue, was yesterday adjudged insane by a commission in lunacy. The unfortunate man imagines that he is being pursued by some one who is trying to rob him. He talks irrationally and remains in deep study all the time. He is thirty-eight years old and unmarried.

In the case of Ceaver vs. the Simons estate, a circuit court jury yesterday returned a verdict of $500 for the plaintiff.

In the case of Brewer vs. Jacobs et al., a verdict of $25 was rendered for the plaintiff.

The last will of Mrs. Philipina Kromer was filed at the county clerk's office yesterday. She bequeaths all her real and personal property to her two children, Wilhelm and Christina.

William Car Hunter has commenced suit in the superior court against Guy Hunter for partition to real estate. Vesey & Heaton are the plaintiff's attorneys.

The Tri-State Building and Loan association sues Mary L. Archer et al., for foreclosure for $1,200. Vesey & Heaton are the attorneys for the plaintiff.

Wm. S. Oppenheim has brought suit in the superior court against Frank Drebert et al., for $2,200 for foreclosure of a mortgage. R. B. Dreibelbiss is the plaintiff's attorney.

GIVEN A DIVORCE.

Margaret Unger Secures a Divorce From Her Husband.

In the superior court this afternoon Acting Judge T. E. Ellison gave Margaret Unger a divorce from Gottlieb Unger on her cross complaint. He also gave her alimony in the sum of $250 and the custody of their child.

No rational cook would think of using alum and ammonia baking powders. Dr. Price's is perfectly pure.

An Actress Married.

CLEVELAND, Ohio, June 18.—The marriage of Mr. George D. Morgan, of Brockport, N. Y., and Miss Della Eloise Berry, better known as Ollie Archmore, the opera singer, was solemnized at St. Paul's Episcopal church early this morning, Rev. C. S. Bates officiating.

The Royal Baking Powder, as every cook knows, is always to be relied upon. It is one of the greatest aids she has. She is always able, with the least trouble, to make the very finest biscuits, cakes, muffins and crusts. Many a cook's reputation has been made by the delicious things she has been able to make with it.

BICYCLE HOSPITAL, 54 E. COLUMBIA ST.

Our 10c and 15c Sale is now on. Come at once.

ORA SEANEY, Man Milliner, 158-160 Calhoun St.

Editor Married.

OCONOMOWOC, Wis., June 18.—The wedding of Miss Grace Gould, daughter of Mr. and Mrs. David B. Gould, of St. Louis, Mo., and Henry W. Grady, of the Atlanta, Ga., Constitution was a brilliant event.

AMERICA'S EAGLE

Will Scream for Temperance in This City on the 4th of July.

Representative Nicholson Will Speak at Williams' Park to a Good Citizenship Rally.

The Good Citizenship league have inaugurated a movement for the appropriate celebration in this city of America's Independence. The event will take place at Williams' park, in the southern portion of the city, and among the speakers who will be in attendance will be Representative Nicholson, the author of the famous Nicholson bill, a measure passed at the last session of the Indiana legislature for the better regulation of the saloon business.

It is expected that the presence of Representative Nicholson will bring to the city a large number of people from the different towns and surrounding country, for Mr. Nicholson is an eloquent speaker and there is a desire on the part of many temperance people and others to see and hear the man who had so much to do with placing better temperance laws on our statute books.

Williams' park is admirably adapted for the holding of such a meeting and it is designed to have all day exercises. In the morning Fort Wayne speakers will address the crowd on temperance subjects and in the afternoon Representative Nicholson will speak. There will be literary and musical exercises and a general good time is promised to all who attend.

The committee of arrangement having the meeting in charge are Rev. Ainslie, Rev. Boggs and Rev. Rice, who say that everything will be done to make the affair a pleasant and successful one. Dinner and refreshments of various kinds will be served on the ground and the best of band music has been secured to enliven the occasion with patriotic airs.

RIGHTS OF LABOR.

Employes Cannot Be Discharged Because of Their Belonging to a Union.

JEFFERSON CITY, Mo., June 18.—In the supreme court today Justice Sherwood filed an opinion declaring unconstitutional the law forbidding the discharge by corporations of employes who refuse to sever their connection with labor organizations. This law was enacted two years ago and provides penalties ranging from a fine of $50 to $1,000 and six months imprisonment. The court holds that this law is class legislation. A non-union man could be discharged without notice and the law would not intervene, while a union man could not be discharged, if his discharge was based upon his connection with a union.

Sibley in There.

TOPEKA, Kan., June 18.—Ex-Congressman Sibley, of Pennsylvania, arrived in Topeka today to attend the silver conference called by A. C. Shinnan, of Ottawa, vice president of the Bimetallic league. Mr. Sibley will speak at Representative hall tonight.

Buy Everything.

MOSE, Wis., June 18.—A syndicate of Boston capitalists has purchased everything in this town except the school house and will take possession in a short time.

Son of a Duke Dead.

BOMBAY, June 18.—Lord Collin Campbell, fourth son of the Duke of Argyle, a captain in the Bombay rifle volunteer corps, is dead at the age of forty-three years.

Governor Atkinson.

ATLANTA, Ga., June 18.—The physicians who performed the operation on Governor Atkinson for appendicitis last night are still in attendance at his bedside.

LOCAL LINES.

The funeral of John F. Bower will be held at 1:30 o'clock tomorrow from the residence, No. 210 Fairfield avenue.

Neither competition nor dishonest rivalry can shake the people's belief in the goodness of Dr. Price's Baking Powder.

Humane Agent Schlaudroff is looking for a home for a bright little girl of six years. The mother desires a home for the child with a family who have no children.

Queen Esther lodge, degree of Rebeca, I. O. O. F., will will give a social at the residence of Mr. and Mrs. John Fredericks, 415 Lafayette street, on Wednesday evening.

Lawrence J. Finney, aged twenty-five, died at the residence of his father, Wm. Finney, No. 14 Hoffman street, this morning. The cause of death was nervous prostration. Funeral at 10 o'clock Thursday at Huntertown.

Mrs. Fredereka Rogge, aged fifty-seven, died this morning at her home, No 52 McClelland street. The cause of death was obstruction of the bowels. The deceased leaves nine children. Her husband died about a year ago. The funeral will be held on Friday afternoon at 2 o'clock from the St. John's Reformed church.

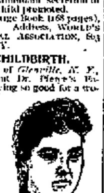

The cook should examine carefully the label of the baking powder and see that she is not imposed upon. If the grocer sends anything but the Royal, send it back, as our cook did five times until she got the Royal. The only safe way is for the cook to have the finest things to work with, and the Royal is not only the finest but the most economical to use because it goes so much further.

DO YOU EXPECT To Become a Mother? If so, then permit us to say that Dr. Pierce's Favorite Prescription is indeed, a true "Mother's Friend," for it makes Childbirth Easy by preparing the system for parturition, thus assisting Nature and shortening "Labor." The painful ordeal of childbirth is robbed of its terrors, and the dangers thereof greatly lessened, to both mother and child. The period of confinement is also greatly shortened, the mother strengthened and built up, and an abundant secretion of nourishment for the child promoted.

Send 10 cents for a large Book (168 pages), giving all particulars. Address, WORLD'S DISPENSARY MEDICAL ASSOCIATION, 663 Main St., Buffalo, N. Y.

PAINLESS CHILDBIRTH.

Mrs. FRED HUNT, of Glenville, N. Y., says: "I read about Dr. Pierce's Favorite Prescription being so good for a woman with child, so I got two bottles last September, and December 13th I had a twelve pound baby girl. When I was confined I was not sick in any way. I did not suffer any pain, and when the child was born I walked into another room and went to bed. I keep your Extract of Smart-Weed on hand all the time. It was very cold weather and our rooms were very cold but I did not take any cold, and never had any after pain or any other pain. It was all due to God and Dr. Pierce's Favorite Prescription and Compound Extract of Smart-Weed. This is the eighth living child and the largest of them all. I suffered everything that flesh could suffer with the other babies. I always had a doctor and then he could not help me very much, but this time my mother and my husband were alone with me. My baby was only seven days old when I got up and dressed and left my room and stayed up all day."

Mrs. HUNT.

PIPER HEIDSIECK PLUG TOBACCO. CHAMPAGNE FLAVOR

Consumers of chewing tobacco who are willing to pay a little more than the price charged for the ordinary trade tobaccos, will find this brand superior to all others

THE newspaper that hasn't got a libel suit on hand in these days of libel suits isn't in the swim.

WONDER if it was the passage of the Nicholson bill that has made Indiana such a dry state this year?

NOTWITHSTANDING the fact that there is but little local news flying these hot days, THE SENTINEL manages to get and give its share.

OUR weather report predicts thunder showers for tonight. It is to be hoped that they will come on schedule time and be not showers, but drenching rains.

THE new paper of Gen. Coxey, he of commonweal fame, contains the name, J. S. Coxey, 236 times in the first issue. As an editor he is bound to let the public know that he is in the newspaper business.

THE Good Citizenship league will not allow the Fourth of July to pass unobserved in this city. They have arranged for a celebration at William's grove and Representative Nicholson, the author of the Nicholson bill, will be one of the speakers.

PROBABLY the most noteworthy phenomenon in the present industrial revival is the voluntary increase of wages that is taking place all over the country. This shows a better and closer feeling between labor and capital and augurs well for the future.

THE Rev. N. D. Williamson, pastor of the Reformed church of South Bend sends out a denial of the report that at a recent meeting of the synod the bicycle was condemned, "especially when used by members to ride to church." On the contrary, if anything, bicycle riding was endorsed.

AMONG the laws which appear in the acts of the last legislature, just published, are several that provide for the reimbursement of township trustees who have lost public money intrusted to them. A state officer calls attention to the fact that the supreme court in 1889 decided that trustees could not be reimbursed for money lost.

THE forthcoming annual report of the United States civil service commission will show that the whole number of persons regularly employed in the civil service of this country is about 200,000. Of these, approximately, one-fourth are in the classified service, subject to competitive examinations under the civil service rules. Of those in the unclassified service, 22,000 are laborers, 5,000 are appointed by the president, subject to confirmation by the senate, 1,500 are in the legislative branch of the government, and 2,666 are in the judicial branch.

NEXT Friday, June 21st, is the longest day of the year, the sun rising at 4:34 and setting at 7:26, making the length of the day from sunrise to sunset fourteen hours and fifty-two minutes. The almanacs call this the summer solstice, and the sun enters cancer at five minutes after 12 o'clock in the afternoon. It is the first day of summer.

WHAT has become of the ordinance to place the telegraph, telephone and electric light wires underground that Councilman Mohr was going to introduce in the city council? It seems to have been lost sight of altogether. Besides being an unsightly nuisance and themselves a peril to life and limb, the suspended wires add to the fire risks and tend to increase the rate of insurance upon all buildings before which they are allowed to remain.

AFTER issuing a daily edition for the past three months the Warsaw Union has suspended the publication of that edition temporarily. In its announcement of this fact, Mr. Frank Zimmerman, its editor, says: "In the near future the Daily Union will resume publication, under more favorable circumstances and with the proper facilities for the publication of a daily paper. The writer has been in the journalistic field thirty-one years and feels somewhat reluctant at this time to assume all the duties and all the responsibilities of a daily paper." This leaves the daily news field at Warsaw, for the time being, to the Times of that place, which, under the editorial control of Gen. Reub Williams, is an excellent local paper.

Of 50,000 persons subjected to Bertillon's identification system, no two were exactly alike; on the contrary, Price's Baking Powder is always alike in purity.

Cats.

New York has just had a cat show, which was so successful an enterprise that other cat shows are sure to be held there in the years to come. All lovers of cats will no doubt rejoice at this consideration given their pets, and, we are sure, will resent the sneers recently leveled at the feline race by the one New York paper whose editor once invented and still maintains the jocular fiction that he keeps an office cat for the purpose of destroying pieces of manuscript that do not meet his views as to excellence.

The jeers at Grimalkin in question were printed in the same paragraph that spoke in praise of Fido. It appears that the master of a certain dog fell off the dock one day recently in New York and straightway became a drowned body. True to the loyal instincts of his race, the dog remained upon the dock near the place of his master's final disappearance, thus giving another example of canine fidelity and affection. This coming to the ear of the editor, he called attention to the circumstance, and then, in a spirit of invidious comparison, asked who could relate a similar story of feline devotion to a member of the human race.

Perhaps no one can, but in humanity patriotism is considered as high a virtue as personal affection, if not of higher grade, and, as every one who has studied the feline nature knows, the overmastering instinct of every cat is love of place. He is a poor cuss indeed in the view of most persons who does not love the place of his nativity or of his long residence, unless that place be utterly bare of attractions, and none are more extravagantly lauded than those who go forth to do battle for home and country. Who cannot relate stories of cats braving every danger, when ruthlessly torn from the homes they love so well, in order to return to them? Does not every schoolboy know of the annual processions of home seeking cats which cross the Brooklyn bridge in opposite directions on the night of May 1, which is moving day at the Hudson's mouth? Indeed this remarkable propensity has been chosen as a theme for the poet and set to music. Who has not heard the inspiring song:

And the cat came back,
For he wouldn't stay away!

For the love of home so universally displayed by the great cat family we are of the opinion that they should be as roundly praised as the dog for the blind affection displayed for his dead master. And at the same time, in considering the relative merits of the cat and the dog, it should be remembered that a hundred persons are bitten by dogs, vagrant and otherwise, in every city to one bitten by cats, even though there are at least a hundredfold more cats than dogs.

Let us give the purring cat her just dues.

Weather Changes.

Close observers of an ingenious turn are sure that the changes in the weather were invented for the purpose of conversation. There may be something in this theory, but we are inclined to think that they are more for the purpose of giving consolation to chronic invalids. "I felt very bad yesterday, when the wind was in the east," groans the sick person, or, "I feel much better today, the sun shines so brightly," or, "When the wind is in the north, my rheumatism troubles me." And so they go on until at last there does come a day which not only benefits, but cures; when the doctor can be dispensed with and the undertaker observes that the gentleman has a fine day for his funeral. But all levity aside, such changes in the weather as we have had recently would be more honored in the breach than in the observance, even though they gave the invalid less to think about and hampered the person we meet in the street who uses the subject as an always timely one. It is reported that the recent frost killed the grape crop in some large localities, ruined cherries and many other kinds of small fruits. Yet it may not be as severe as it seems. Ill news always travels rapidly and delights in superlatives.

It is becoming the fashion to call even the contestants in the competitive college debates and oratory tests a "team." This is enough to make one exclaim, "Have we lived till now!"

The United States treasury receipts up to May 1 for this year were the paltry sum of $960,000,000. What's to become of us!

WHEELS AND RIDERS.

Many Fort Wayne Cyclers Attend the Huntington Meet.

A Plan on Foot for a Grand Street Parade in This City on the Morning of the Fourth.

The maiden with her wheel of old
Sat by the fire to spin,
While lightly through her careful hold
The flax slid out and in.

Today, her distaff, rock and reel
For out of sight are hurled,
For now the maiden with her wheel
Goes spinning round the world.

The business men's section of the Triangle club will run to New Haven on Saturday.

The Triangle club will run to Huntertown on Friday, leaving the Y. M. C. A. at 7 o'clock.

Fred B. Barnes, a well known Terre Haute bicycle rider, has been in the city the past few days visiting friends.

Who was it that after drinking a glass of milk (?) became so hungry that he ate the glass, at Huntington on Sunday?

The Elks' base ball club has challenged the Cycling club team to play a game of ball. The game will probably come off at Lakeside.

Will Peltier has ordered a new tandem of the Sterns Co., at Syracuse, N. Y. It is a thirty pound racer and will have a four and one-fourth inch tire.

Ed Longfield went to Warsaw today to see about the bicycle races arranged at that place on the day of the Pennsylvania company's annual excursion.

Will Peltier, Frank Mohr, George Sweringen and Ed Boles went to Rome City on Sunday on their wheels. They left here at 7 o'clock and returned about 9.

Fort Wayne ought to have a bicycle factory. There is plenty of ready capital here and many suitable buildings. We are behind many of our neighboring towns.

The state meet, held in this city two years ago, will be held in Indianapolis on July 4th. There are five events for state championships, as follows: One-fourth mile, one-half mile and one, two and five mile races.

The entry blanks for the ten-mile race to be given by the Triangle club at the Driving park on the 29th are now out. The race will be the only event of the afternoon and will be held at 4 o'clock in order to accommodate everyone desiring to attend. Some fine prizes are offered.

It is stated that the big sleeves to which ladies' dresses are attached are going out of style and will soon be discontinued. Here is a golden opportunity for a big stroke of economy on the ladies' part; the sleeves will make excellent bicycle bloomers without so very much cutting down.

Will Colerick was taken dangerously ill en route home from Huntington on Sunday afternoon. At the seven-mile spring he was too sick to proceed further and was taken in hand by a party of Fort Wayne picnickers, who, after considerable effort, succeeded in getting Colerick out of danger. He proceeded home after a rest of probably three-quarters of an hour. He has now entirely recovered.

Dan McKendry and Gust Steger had an experience on Sunday which was all but pleasant. They started to Huntington on a tandem. Five miles this side of Roanoke their tire exploded and the boys walked to Roanoke, arriving there just in time to miss the train for Huntington. They were compelled to stay in Roanoke until 4 o'clock in the afternoon, when they returned to this city on the train.

The Marion Bicycle club gives a race meet on June 28th which will be attended by many Fort Wayne wheelmen and in which Albert Alter is entered for a number of races. In the morning there will be a ten mile race and in the afternoon the following events will occur: One mile novice, 1½ mile open, 1 mile club championship, 5 mile open, 2 mile handicap, ½ mile boys, ½ mile handicap. The Marion club promises to look well after their guests. There are $750 in prizes.

The Pennington motor bicycle, which has been "written up" several times in THE SENTINEL, seems to be a success and is now offered to the trade through Thomas Kane & Co., of Chicago. It is said that the motor will propel the wheel at a speed of from six to sixty miles per hour. The wheel will "go," even if Pennington's flying machine would not. A Fort Wayne capitalist has stock in the Pennington bicycle motor and has great faith in the invention, believing that the day is not far distant when foot power will be abolished.

The craze for wheels goes merrily on and all Fort Wayne dealers have done a big business this spring. It is estimated that there were more new wheels purchased in this city this season than for the past three years combined. Many of our dealers are behind in their orders on account of the inability of the factories to supply them. The tendency is for stronger and more serviceable wheels and the craze for "straw" bikes is not near so noticeable. What does the average rider want with a seventeen pound wheel, anyhow?

The plan on foot for a grand street parade in this city on July 4th meets with general approval and only waits for some club to take up the project.

Fred James, of Maysville, while cleaning his bicycle, got one of his fingers caught between the chain and sprocket wheel. He is minus a finger.

We have ascertained without a doubt as to the first wheel ever brought to Fort Wayne. It was brought here in 1836, overland on a wagon, by Patrick O'Malihan. It was not ball bearing, was made entirely of wood with steel tires and was attached to a barrow.

The Swinney park is used daily by ladies and children as a bicycle school, no less than four instructors and twenty pupils were there Saturday afternoon. It is an ideal place to learn to ride the bicycle and the city ought to send the steam roller out there and exercise it around the track several times.

A. C. Kalt has secured the agency for the "Speedier V Bicycle," and received the first of these wheels this morning. It is geared to eighty; when nearing a hill, you press a lever and the speed is changed to fifty-six; when on top the hill change the gear back to eighty. With this wheel no one need walk up a hill.

If the city council wants to make the hearts of all bicycle riders (and that means half the town, or will mean soon) happy they will pass an ordinance requiring every vehicle to carry a lantern lighted after dark. Not only locomotives, street cars and bicycles but also wagons and buggies. Then there will be less accidents.

Now, you wouldn't think that H. W. Mordhurst had the blood of a champion flowing through his veins, and yet one of the most cherished mementos of bygone days is a medal he won in a velocipede race at Kendallville, Ind., on the same historical track which another great champion (Zimmerman) won a hard-fought race some twenty years later.

And now Will Watt has joined the bicycle brigade, and his horse hangs his head in sorrow every time he sees his master ride past on "that bike." They say that Louis Heilbroner has the name of every local horseman on a blackboard with the time it will take before they ride a wheel and give odds on the time. Will McKinnie is put down as "two weeks."

During the trip to Huntington on Sunday several of the boys suffered severely from cramps, brought on by drinking to much water. Both Pickard and Nierman, of the club, had attacks, and Nat Beadell, of THE SENTINEL, was taken ill en route home. Some enterprising druggist would do well to put up a small pocket medicine case containing some "emergency" remedies, court plaster and such like, for the express use of wheelmen. The best remedy, however, is precaution, and riders should exercise it while riding in warm weather.

Last week invitations were received in this city by a number of wheelmen to visit the Halladay & Temple firm of bicycle manufacturers, at Marion, and attend the reception given Friday in the new addition to their factory. Fred Beach, Will Gouty and Gust Steger accepted the invitation and report a royal time. In the evening 500 persons attended the reception from 8 to 12. Light refreshments were served and the young people danced. The new building is 50x175 feet in dimension and has two stories. The firm has been in the bicycle business for the past eight years. This year they have sold over 10,000 wheels.

On June 22 the lightest bicycle ever built in this country will arrive in Fort Wayne and be on exhibition for one week in the window at Morgan & Beach's. The wheel is an eight pound and fourteen ounce "Tribune" and was built by the Black Manufacturing Co., of Erie, Pa. The wheel was never constructed with a view of actual service, although it has been ridden several squares by a 150 pound rider. The bike is merely a curiosity and illustrates the ability of the firm in handling steel tubing and the strength of material used, even in such a ridiculously light wheel. The bike has the Olds wood rims and Morgan & Wright tires. It cost the factory over $500 to build it and has been all over the United States on exhibition. From here it will be shipped to Lafayette. It is a good "ad" for the "Tribune."

The Huntington Bicycle club's meet, held in that city on Sunday, was a most enjoyable affair. North Manchester sent the largest delegation, thirty-one wheelmen from that town going in a body. Fort Wayne came in for the next largest delegation, sending down about twenty-five wheelmen. Some of those in attendance were the following: Wm. A. Gouty, captain of Fort Wayne Cycle club; H. C. Niemeyer, lieutenant; H. R. Pickard, Will E. Colerick, H. W. Bond, P. C. Liggett, William Ortlieb, E. G. Troeckley, Fred Beach, jr., Nat Beadel, Horace Gordon, Frank Frase, Ed. F. Schock, H. J. Parrot, F. H. Schlink, Nathan Cohen, David Hirsch and Louis Heilbroner. Most of the Fort Wayne boys took dinner at the Exchange hotel with Jim Sheppler, formerly of this city. The visitors were welcomed at the club by Mayor Cast, who gave the boys the freedom of the town. The 300 or more guests were looked after by Capt J. B. John, assisted by Riders Coy, Schelblin, Al Kreigbaum, Fred Bowman, Chris Byler, Scott Plasterer, Lew McFarren, Ed Kreigbaum and Frank Kramer. Al Schreyer and John Kunce had charge of the refreshments. The chief event of the day was the grand parade, which took place at 1:30 p. m. There were 260 riders in line, and after a short spin about town the riders returned to the club, where over 300 corncob pipes were distributed. A short time before the parade some one emptied the contents of two boxes of carpet tacks on the pavement, near the Huntington County bank. It was doubtless the intention of the miscreant who scattered the tacks that the "bike" riders should have punctured tires. It proved a failure, however, as some of the wheelmen noticed the sharp points which threatened a calamity to the parade, and they were swept up in a hurry. A number of "straw" wheels were broken but there were no serious accidents. Many of the Fort Wayne riders came back on their wheels but some returned on the train.

One of the Fort Wayne riders who was present said of their reception:

"It was without doubt one of the best carried out affairs of its kind ever given by a cycle club so shortly organized. Nothing was undone to the end that the visiting wheelmen should enjoy themselves. Arriving early in the morning at the rooms of the Huntington Bicycle club the cyclers were taken in hand by the members of that body and taken upstairs to the washroom; where there was plenty of water, soap and towels, shoe brushes and other appurtenances necessary to the cleaning-up process. Then the riders were introduced to two large tubs full of cool lemonade, and invited to help themselves to all they wanted. 'Twas a grand thing greedily done, and proved a grand success."

Only a few moments is needed to prepare the light and tasty dishes in which Dr. Price's Baking Powder is used.

I find the ROYAL BAKING POWDER superior to all the others in every respect. It is purest and strongest.

WALTER S. HAINES, M. D.
Consulting Chemist, Chicago Board of Health.

Fig Pudding.

One-half pound good dried figs, washed, wiped and minced; 2 cups fine dry bread crumbs, 3 eggs, ½ cup beef suet, powdered; 2 scant cups of sweet milk, ½ cup white sugar, little salt, ½ teaspoonful Royal Baking Powder, dissolved in hot water and stirred into milk. Soak the crumbs in milk, add eggs, beaten light with sugar, salt, suet and figs. Beat 3 minutes, put in buttered mould with tight top set in boiling water with weight on cover to prevent mould from upsetting, and boil 3 hours. Eat hot with hard sauce or butter, powdered sugar, 1 teaspoonful Royal extract Nutmeg.

Indian Pudding No. 2.

One-half cupful flour, 1½ cupfuls corn meal, ½ cupful syrup, ½ teaspoonful salt, 1 quart milk. Mix flour, corn meal, salt and cupful of milk together, pour the rest on it, boiling, stir once in a while for 30 minutes; bake in moderate oven 2 hours, in well buttered pudding dish; serve with Wine Sauce.

WILL SEND FOUR

Delegates Elected by Berry St. M. E. Church to Chattanooga.

Reception to Be Tendered Tonight by the Y. W. C. A. to Mrs. McCrea, the State President.

The Berry street chapter of the Epworth league held a business meeting last night in the lecture room of the church and selected Rev. C. C. Cissell, the pastor, and Misses Emma Wohlfort, Stella Stiecheim and Elisa Lensch as delegates to attend the international convention of the Epworth league, which is to be held at Chattanooga, Tenn., during the latter part of this month. Rev. Cissell and the young ladies chosen are deeply interested in league work and are among its most prominent workers in this city. They will fitly represent their prosperous chapter in this city. A special international conference meeting is being arranged to be held in the church shortly after their return, when reports will be made for the benefit of the members of the chapter, and any other leagues of the city who had no representatives at the meeting. The chapter sent a large delegation to Angola today to attend the district convention in session there. A number of Fort Wayne persons have places on the program. A number of important matters were discussed at the meeting and the interest shown in league work by every member of the chapter is of a most encouraging nature.

SOCIETY GOSSIP.

Mrs. Shepler and daughter left today for Huntington to reside.

Mr. H. E. Spring and son, of Paulding, Ohio, were in the city today.

Miss Emma Ash is the guest of Mr. and Mrs. Healey Link, at Toledo.

Mr. and Mrs. Will Seidel have returned from a visit at Mt. Clemens.

Miss Maud Graham has returned from a short visit at Huntington, Ind.

Miss Martha Leonard will leave tomorrow for Rome City to spend several weeks.

Mrs. J. B. White and Mrs. Edward White are spending a few weeks at St. Clair Springs.

Miss Lee Long will sing the soprano solos in the Creation chorus at Galion, Ohio, this week.

Mrs. Thos. F. Shay and Mrs. R. Kelly, of Cincinnati, are visiting relatives in the city.

Mrs. Conrad Klein, of Chicago, arrived in the city last night to be the guest of her father, Phil Heintz.

Mr. and Mrs. Van Valkenburg and daughter, Miss Nellie, left for Michigan yesterday for a three month's visit.

Mrs. G. D. Crane, who has been a guest in the family of Mr. M. V. B. Spencer at Indianapolis, returned home last evening.

The Order of the Eastern Star will hold a lawn social at the residence of Mr. and Mrs. A. G. Estry, at 432 Broadway, Thursday evening next.

Mr. Henry Eckart and bride have returned from their wedding trip and are at home to their friends at the corner of Pearl and Ewing streets.

Mrs. Freeman and daughter left yesterday for Davenport, Iowa, to attend the marriage of Mr. Henry Freeman, which takes place in that city tomorrow.

There will be a reception at the Young Woman's Christian association rooms from 8 to 10 o'clock this evening. Mrs. McCrea, of Indianapolis, the state president, will be the guest of honor and will address the ladies at 9 o'clock. All interested in the work are cordially invited.

Miss Harriet Leonard is in Chicago.

Miss Minnie Heuse returned from Huntington last evening.

Mrs. C. B. Lincoln and daughters have returned from Logansport.

Miss Anna Donaldson will leave Thursday morning for Valparaiso.

Mrs. Barney Boehn, of 10 Winch street, is visiting friends in Angola.

Mrs. A. L. Greibel will leave Thursday morning for a month's outing at Rome City.

Mrs. L. Leilich and son, of Delphos, Ohio, are visiting Mrs. P. J. Hess, of East Creighton avenue.

Mr. and Mrs. Ben Roush returned today from Rome City, where they have been spending their honeymoon.

Mrs. McIntosh, of Hoagland, is visiting her sister, Mrs. Ira Barkley, at their suburban house north of the city.

Misses Maud and Sophia Seabold entertained Mr. Miles Moore and Mr. Ismo Cloud, of Montpelier, Ind., over Sunday.

Miss Lizzie Geager, of Danville, Ill., has returned to her home after a week's visit with the Misses Seabold, of West Main street.

Professor and Mrs. M. A. Brannon, of South Forks, S. D., are expected in Fort Wayne next week to be the guests of Judge and Mrs. Robert Lowry.

Mrs. A. C. Katt, of 69 West Berry street, will entertain the ladies of the Grace Reformed church at a missionary tea Thursday afternoon, from 3 to 7 o'clock.

Miss Pauline Schlemer of Chicago, Ill., spent Saturday and Sunday in Fort Wayne as the guest of Mr. and Mrs. George Jamison, of 72 Douglass avenue.

Councilman and Mrs. W. H. Tigar will leave this evening for New York, where they expect to be the guests of Walter and Herbert Tigar for about two weeks.

The Woman's Club League, of Fort Wayne, will tender a reception to Mrs. Cameron, of Wabash, tomorrow afternoon from 5 to 6 o'clock, in the parlors of the Fort Wayne club.

At the organization of the Young Woman's Christian association of Indianapolis, last evening, Mrs. F. F. McCrea was elected president. Mrs. McCrea is also state president, and will be tendered a reception this evening by our local society, in their rooms, 24 West Wayne street.

The convention of the Walther league at Cleveland, July 14-15, will be attended by the following Fort Wayne delegates: George Dunfelser, Herman Seimon, Prof. Bonhoff, Prof. Merentz, Lewis Siebold, William Basch, H. W. Swayne, William Lohrman, Carl Speigel and William Kirshner.

Miss Metha Beals entertained friends last evening at her home at No. 94 West Main street, in honor of her sixteenth birthday. Music and games were features of the evening. A dainty three-course lunch was served. At a late hour the friends departed, wishing the hostess many happy returns of the day.

Mr. and Mrs. Henry Beadell, accompanied by their daughter, Fannie, will leave on Thursday to spend a six weeks' vacation at Thousand Islands, Canada. They will be accompanied by Mr. and Mrs. John Jamison, of Grand Rapids, Mich. Mr. Jamison is well known here, at one time being one of the proprietors of the Boston store.

Last night the Ladies' auxiliary of the Caledonian society presented their president, Mrs. James Cairns, with a handsome gold watch and chain as a mark of their esteem. Mrs. Cairns leaves in a few days to visit her old home in Scotland, and the society arranged a surprise for her at their social and entertainment which was given last night. Hon. J. B. White presided at the meeting, which was a particularly enjoyable one.

Mrs. A. A. Taylor, of Cambridge, Neb., entertained friends in honor of Mrs. Ora Bain, of Fort Wayne, who is her guest for the summer. Mrs. Taylor and Mrs. Bain received in the reception room under a bower of roses. Mrs. Taylor wore a black silk dress and diamonds, and Mrs. Bain wore a cream silk dress and red roses. At midnight an elegant supper was served. The following item appeared in the Cambridge paper: "Miss Hazel Taylor received friends Thursday evening, from 5 till 9 o'clock, in honor of Miss Lulu Bain, who is her guest for the summer."

The U., L. and S. club held their first yearly anniversary last evening at the home of Mr. and Mrs. J. A. Black, on Eliza street and it was a grand affair. Those present were Mr. and Mrs. W. Bradshaw, Louie Dickerson, H. A. Brown and Edwin C. Smith, with the following members of the club: Messrs. and Mesdames H. A. Young, D. Wallace, W. Miller, T. Williams, E. Jones, J. A. Black, Mrs. C. Gresham and Mr. R. Hill. The house was decorated

Catarrh Cannot be Cured

with LOCAL APPLICATIONS, as they cannot reach the seat of the disease. Catarrh is a blood or constitutional disease, and in order to cure it you must take internal remedies. Hall's Catarrh Cure is taken internally, and acts directly on the blood and mucous surfaces. Hall's Catarrh Cure is not a quack medicine. It was prescribed by one of the best physicians in this country for years, and is a regular prescription. It is composed of the best tonics known, combined with the best blood purifiers, acting directly on the mucous surfaces. The perfect combination of the two ingredients is what produces such wonderful results in curing Catarrh. Send for testimonials, free.
F. J. CHENEY & CO., Props., Toledo, O.
Sold by druggists, price 75c.

Those who have the most have it, as a rule, because they save the most. They're more economical. These people buy Pearline. Proof—in all stores of the better class throughout the land, you'll find the sales of Pearline far in the lead. Now, these economical people wouldn't use Pearline for their washing and cleaning, if they didn't find it to be just what we say—the most economical in every way. Would they?

Send it Back. Peddlers and some unscrupulous grocers will tell you "this is as good as" or "the same as Pearline." IT'S FALSE—Pearline is never peddled, and if your grocer sends you something in place of Pearline, be honest—send it back. JAMES PYLE, New York.

HIGGINS DEAD.

A Former Fort Wayne Engineer Dies at Columbus.

Brakeman G. W. Fleming Meets With a Sudden Death at Churubusco—Changes on the Pennsylvania Lines.

The many Fort Wayne friends of W. C. Higgins will be shocked to learn that that gentleman is dead. Mr. Higgins represented the Columbus, Ohio, branch of the Order of Railway Conductors at the biennial convention at Atlanta and was then apparently in the best of health. He was taken ill shortly after returning home and after two hours of intense agony died. News of the death was received here yesterday, through the insurance branch of the order, and it is not generally known yet. Mr. Higgins was formerly employed on the Nickel Plate road and made this city his home. He left here about five years ago, going direct to Columbus, where he resided up to the time of his death.

SHOCKING ACCIDENT AT CHURUBUSCO.

G. W. Fleming, freight brakeman on the Peru and Detroit division of the Wabash, was killed Saturday night about 9:30 o'clock at Churubusco. He was in the crew of Conductor Thompson, who had charge of train No. 62, eastward bound. The manner in which the unfortunate man met his death is unknown. Conductor Thompson reports that at Churubusco he and Fleming got out of the caboose and put on a stock car. He did not see Fleming get on the train but apprehended nothing wrong, supposing he was at the head of the train. Hence the man was not missed until the train reached Le Otto, eight miles east. At this station Thompson telegraphed to the office at Peru that Fleming was missing and the crew on train No. 99, headed west was notified to look out for him. On reaching Churubusco, the trainmen were appalled by a ghastly sight. Lying across the track were the remains of Fleming. His body lay in two parts, being severed at the waist. The remains, terribly disfigured, were picked up and sent back to Montpelier and given in charge of an undertaker to be prepared for burial. Fleming's home was at Montpelier, where he leaves a wife and several small children. He was about thirty-four years of age and entered the service of the Wabash in November, 1894.

RAILWAY RUMBLINGS.

Fireman D. H. Griffin, of the Pittsburg, is sick.

Fred Krait, of the Pittsburg boiler shop, is sick.

McDonald's horses left on No. 6 this morning for New Jersey.

Claim Agent J. L. Head, of the Wabash, was in the city last night.

The Eastern Star has postponed its Eagle Lake excursion indefinitely.

Ben Miller has taken a position in the machine room at the electric works.

Sickness prevents George F. Banta from reporting for duty at the Wabash pain shop.

William Palmer, boss of the car axle gang at the Bass works, is sick and off duty today.

The Pittsburg pay car left at 7:15 this morning, after paying all the employes at this point.

Frank Getts has taken a position at the electric works under Foreman Percey Bosworth.

Fred Stellhorn has taken his old position in Foreman Knothe's room at the electric works.

Machinist L. Hafferner, of the Bass works, resigned yesterday, to accept a position elsewhere.

W. H. Case, tinsmith at the Wabash shops, has recovered from his recent illness and is working again.

Al. Donaldson, who is now employed at Warsaw, spent Sunday in this city, returning to that place last night.

George H. Wilcox, painter in the Pittsburg shops, is attending a family reunion near Larrimore lake today.

Miss Anna Backes, daughter of Foreman Matt Backes, of the Wellsville shops, is visiting relatives in the city.

Jacob Donovan, a timber dealer, of Antwerp, Ohio, was in the city today on business with the Standard Wheel works.

Drs. William W. Shryock and J. O. Keller left over the Wabash this morning for Detroit, to attend the dental association.

Tinner Charles Gable, who works for Garding & Aumann, on Wallace street, left this morning for Defiance, Ohio, to visit friends for a few days.

There were 170 persons in the excursion party to Rome City, which left this morning. It was under the auspices of St. Michael's union.

All the Sunday schools of Wabash united in an excursion to Eagle Lake today and sent between 1,000 and 1,200 people to that resort. The train came up to Warsaw over the Big Four and then ran up to Eagle Lake over the Pittsburg.

Nickel Plate Brakeman F. Liggett is sick and off duty.

Nickel Plate Conductor Frost resumed work yesterday after a short lay off.

Superintendent C. D. Gorham, of the Nickel Plate, went to Chicago last evening.

F. I. Stump, Nickel Plate brakeman, has gone to Dayton, Ohio, to spend a few days.

J. H. Kepler and L. B. Buchanan, Nickel Plate brakemen, are taking a short vacation.

D. P. Copper, traveling passenger agent of the Baltimore and Ohio road, is in the city today.

After a few day's illness Ferdinand Noll resumed work in the Wabash shops this morning.

Chief Justice Fuller passed through the city yesterday, en route from Chicago to Washington.

The Vandalia is working more men in its shops than at any time within the last three years.

Nickel Plate Engineer Bottger returned to his duties on the road yesterday, after a brief absence.

S. F. Bowser's Sunday school class, numbering 105 young ladies, are picnicing at Eagle Lake today.

J. M. Garvin, superintendent of the Bass Foundry and Machine works' furnaces at Rock Run, Ala., is in the city today.

Dr. J. E. Miller went out on the St. Joe road four or five miles this morning to amputate a finger for a young farmer.

Ralph Swinburn, said to have been the oldest locomotive engineer in the world, died in West Virginia last week, aged ninety-one years.

W. Greenslade, a brakeman on the Nickel Plate, has taken a vacation and it is rumored among the trainmen that he is going to be married.

George McFarren, fireman on Nickel Plate engine 31, is off duty on account of sickness. Fireman Rose, of engine 158, is off for a few days' rest.

After an absence of three months, Peter Johnson this morning resumed his old position in the blacksmith department of the electric works.

Engineer John Carroll has Wabash engine 38 out on her trial trip today. Tomorrow the engine will go into service between Andrews and Toledo.

Among the Fort Wayne delegation to the Christian Endeavor convention at Boston will be A. L. Potts, a telegraph operator at the Pittsburg offices.

William Lens, who had been employed as clerk in the boiler department of the Bass works, resigned last night to engage in some other occupation.

Oscar Lindlof, of the electric works, is taking a vacation in order to entertain his sister, from New York, who is visiting here. Today they are in Rome City.

Charles Greenick, son of Passenger Fireman A. A. Greenick, of the Pittsburg road, commenced an apprenticeship in the Wabash machine shop this morning.

Mr. and Mrs. Charles Drubot have gone to Churubusco to spend a few days with the lady's parents. Mr. Drubot is a moulder and is employed at the Bass foundry.

The Grand Rapids and Indiana railroad and the Electric corporation will pay their employes next Thursday. On Friday the Nickel Plate pay car will arrive in the city.

Engineer C. S. Sawyer and Fireman Fred Scott, of the Wabash, came up from Andrews last night and remained here until this morning. Mr. Sawyer's family reside in this city.

At noon today a long train of coaches, loaded with delegates to the Republican League convention, left Chicago for Cleveland and will pass through this city at 5:30 tonight.

Mrs. G. L. Chrisholm, wife of the Nickel Plate brakeman, has partially recovered from her recent severe attack of sickness and that gentleman has resumed his run on the road.

Thursday afternoon the ladies' auxiliary of the Order of Railway Conductors will hold an important meeting at which several applicants for admission into the order will be initiated.

The improvements which are now in progress in the engine room at the Wabash shops, which includes a compresser for operating air machinery, will probably be completed and ready for business next Monday.

Andy Koontz and Thomas Quinn, Pittsburg engineers, resumed work this morning after a week's absence. Mr. Koontz was off on account of a sprained wrist and Mr. Quinn was off duty on account of the death of his mother.

A boom has struck the electric works and the employes were notified this morning that until orders began to slack up they would work thirteen hours per day. There never was such a demand for electrical machinery at this time of the year.

Mrs. Anderson, wife of Nickel Plate Conductor Andrew Anderson, is suffering from nervous prostration, caused by the accident which befell her nephew, George Kinzie, who was so severely injured a week ago.

In order to facilitate the movement of the through passenger trains over the Pennsylvania road at Altoona and other division points, the crews of both divisions must be on hand to make any required changes.

The social which was to be given at the home of Conductor and Mrs. A. Anderson next Thursday evening by the ladies' auxiliary of the Order of Railway Conductors has been postponed on account of the illness of Mrs Anderson.

The tank cars which the Memphis Car and Foundry company is building to haul molasses in, it is said, is to be a success. Their appearance is much similar to an oil tank car. The dome to the car is of sufficient size to admit a man to clean out the tank.

George Kinzie, the brakeman on a Nickel Plate local freight train who was so badly injured in the yards a week ago, is getting along nicely at St Joseph hospital. It was necessary to amputate only a part of the foot and the heel remains intact, a very fortunate circumstance.

Large blocks of Iowa Central stock are changing hands and there is much speculation as to who the purchasers may be. At one time the Brice syndicate, which owns the Lake Erie and Western, was anxious to secure control of the property, and it may be that the stock is passing into their hands.

Early yesterday morning, M. E. Parker jumped off a westbound Pittsburg train at Warsaw and was cut in the chin and bruised and skinned generally. Parker resides in Warsaw, but for some time has been working in this city. He jumped on a freight train intending to make a brief visit with his old friends, and jumped off before the train came to a stop.

Dr. J. M. Kells, medical examiner of the Pennsylvania lines at Columbus, Ohio, in May increased the membership of the Pennsylvania Voluntary relief department on the Columbus division 252, the largest number of members ever received in one month on any division. Dr. Kells was stationed in Fort Wayne four or five years, leaving here about eighteen months ago.

E. F. Brooks has succeeded Joseph Crawford as superintendent of the New York division of the Pennsylvania, the latter resigning on account of ill health. W. N. Banard, of the Altoona division, succeeds Mr. Brooks on the Maryland division, and E. E. Marshall, superintendent of motive power of the P., W. & B., is promoted to superintendent of the Altoona division; C. M. Mendenhall, road foreman of engines on the New York division, becomes superintendent of motive power on the P., W. & B.

The test of the trolley system, as made by the Pennsylvania on its Mount Holly branch, has developed the fact that the best speed of the present trolley motor, with the ordinary passenger coaches, is forty-two miles per hour. The test was made last Thursday and two trolley poles were used, so that at the highest speed there was no flashing of the wire. The second car, which is to be tested soon, will be equipped with more powerful motors, and it is expected that a speed of sixty miles an hour can be attained.

The Master Car Builders' association, which held its convention last week, has 206 active, 140 representative and five associate members; a total of 351. The representation covers 1,157,830 cars. The smallest number of cars represented is thirty, and the largest 53,127. It has established standard practice for almost every part of a car, from wheel thread to running board, and in matters of interchange its authority is unquestioned. Considering the small way in which the association began and the difficulty of reconciling varying practices which were at first thought to be necessitated by local conditions, the record of work is something remarkable—but there is plenty of work ahead.

Purity allied to strength—is the slogan of Price's Cream Baking Powder.

Boston Excursion.

July 5th to 9th, inclusive, the Lake Shore and Michigan Southern Ry. will sell very low rate excursion tickets to Boston and return, account Y. P. S. C. E. Convention. Many privileges of route and interesting side trips.

Send 2 cent stamp to A. J. Smith, G. P. & T. A., Cleveland, O., for folder of information, containing map of Boston and itinerary for seeing Boston and its environs. 18 22 27 29

Lemon Pudding.

Two stale Sally Lunn Muffins or bread, juice 2 lemons, 1 teaspoonful Royal Extract Lemon, 1 cupful sugar, 4 eggs, 1 tablespoonful butter, 1 pint milk. Grate muffins, put in bowl, pour in milk, boiling, cover with plate, set aside for 30 minutes, then add sugar, butter, beaten eggs, extract, and juice; mix together, and pour into well buttered pudding dish; bake in rather hot oven 45 minutes; serve with Lemon sauce.

Huckleberry Pudding.

Three stale sugar muffins or bread, 3 cupfuls huckleberries, 1 cupful sugar, 1 teaspoonful each Royal Extract Cinnamon and Cloves, 1½ pints milk, 3 eggs pinch salt. Grate muffins, place in bowl, pour over milk, boiling cover with plate, stand 30 minutes; add eggs, beaten, sugar, salt, extract, and berries; mix and put into buttered pudding dish and bake in moderate oven 45 minutes; serve with spice sauce.

The U. S. Government Tests Show the Absolute Superiority of Royal Baking Powder.

(Data from the latest Official U. S. Government Report on Baking Powders, Department of Agriculture, Bulletin 13, page 599.)

ROYAL is placed first of the cream of tartar powders; actual strength, 160.6 cubic inches of leavening gas per ounce of powder.

Every other powder tested exhibited a much lower strength than the Royal, the average being 33 per cent. less.

Every other powder likewise showed the presence of alum or sulphuric acid.

The claim that this report shows any other powder of superior strength or purity has been denounced as a falsehood by the Government officers who made the tests.

ROYAL BAKING POWDER CO., 106 WALL ST., NEW-YORK.

SOCIETY GOSSIP.

(CONTINUED FROM SECOND PAGE.)

with the club colors, and light refreshments were served at a late hour.

Miss Bessie Felton, who has been visiting her cousin, Miss Anna Donaldson, for the past two weeks, will be married in Valparaiso to Mr. Charles Jeffrey, cashier of the Chesterton bank. The ceremony will be performed at 6 o'clock Thursday evening in the Presbyterian church of that city, after which a reception will be tendered them at the home of Mrs. Gardner, sister of the groom. Miss Felton is a charming young lady and made many friends while in our city.

Last evening, at their pleasant home, No. 17 East Suttenfield street, Mr. and Mrs. Enoch Cox celebrated the twenty-fifth anniversary of their wedding. The lawn was lighted by two large headlights, Mr. Cox being storekeeper for the Pennsylvania company. The guests thoroughly enjoyed the evening, spending the time promenading the lawn or listening to the musical selections rendered by some of those present. Dainty refreshments were served. The presents were numerous and beautiful. Some of them were: Bread tray, gravy spoon, pie knife, cake spoon, fish knife, four sets teaspoons, carving set, oyster set, cheese spoon, orange spoons, watermelon spoon, four sets berry spoons, syrup cup, tomato spoon, cream spoon, cut glass dish, $25 in cash, bon bon spoon and numerous other articles. Among the donors were: Mr. and Mrs. Fowler, Mr. and Mrs. Robert Ogden, Miss Margaret Muhrhead, Mr. and Mrs. Harry Medsker, Mrs. Gerke and family, Mr. and Mrs. Max Herning, Mr and Mrs. F. J. Voirol, Mr. and Mrs. Levi Griffith, Mr. and Mrs James M. Griffith, Mr. and Mrs. H. S. Vreeland, Mr. and Mrs. Ortman, Mrs. Nettie Borden, Miss Lena Buehl, Dr. and Mrs. C. B. Stemen, Dr. and Mrs. G. C. Stemen, Mr. and Mrs. A. H. Polhamus, Mr. and Mrs. Colney, Mr. R. L. Higginbotham, Delphi, Ind; Mr. and Mrs. James Humphrey, Mr. and Mrs. F. D. Hoham, Mr. and Mrs. S. Speers, Mr. and Mrs. Will Kilgore, Mr. and Mrs. A. Johnson, Mr. and Mrs. Spauley, Mrs. Anna Kucher, Mr. and Mrs. F. H. Pool, Mr. and Mrs. J. Keplinger, Mr. and Mrs. C. M. Jones, Mr. and Mrs. Herman Kucher, Mr. and Mrs. H. W. Applegate. The following from Delphi, Ind., sent presents: Mesdames Kerlin, Burr, Gresham, Boyd, Pollard and Fawcett. The Pennsylvania employes associated with Mr. Cox to the number of about fifty contributed a beautiful tea service of six pieces. Others from Delphi who donated were Dr. C. E. Angell, Miss Mattie Graham, Miss Emma Gresham, Mr. and Mrs. Sam Barnett and Mr. Att. Hall.

White teeth, sweet breath, a fragrant mouth,
There are no charms surpassing these;
Abroad, at home, east, west, north, south,
These three prime charms are sure to please.
All those who SOZODONT apply
Will have these charms—take heed and try.

WHEELING WIT AND WISDOM.

A long head does not indicate wisdom on a bicycle.

Not one rider in 100 knows what not to do in a cycling emergency.

A lie on its face—the distance shown on the dial of an inaccurate cyclometer.

A dollar saved on the price of a wheel is a dollar you never bought any fun with.

All things in racing come to those who, having sufficient speed, know when to stop waiting tactics.

Records are like wills. As soon as they are made there is an effort on the part of all concerned to break them.

Cycling contentment consists in the temporary forgetfulness of the improvements you propose having on the next wheel you get.

While, in a slangy sense, it may be correct to refer to the doctors in charge of a lunatic asylum as wheel repairers, yet it is an unkind way of telling the truth.

After a rider becomes eligible to the "old timers' guild" he usually finds it very difficult to understand why the newcomers in the sport want to do just as he did when he was a novice.

The whining schoolboy mounted upon a bicycle no longer creeps like a snail unwillingly to school, but scorches along at an eight or ten miles an hour gait. Modern Shakespeares please note.—Wheel.

The Discovery Saved His Life.

Mr. G. Caillouette, Druggist, Beaversville, Ill., says: "To Dr. King's New Discovery I owe my life. Was taken with La Grippe and tried all the physicians for miles about, but of no avail and was given up and told I could not live. Having Dr. King's New Discovery in my store I sent for a bottle and began its use and from the first dose began to get better, and after using three bottles was up and about again. It is worth its weight in gold. We won't keep store or house without it." Get a free trial at Dreier & Bro.'s Drug Store.

Cure For Headache.

As a remedy for all forms of Headache Electric Bitters have proved to be the very best. It effects a permanent cure and the most dreaded habitual sick headaches yield to its influence. We urge all who are afflicted to procure a bottle, and give this remedy a fair trial. In case of habitual constipation Electric Bitters cures by giving the needed tone to the bowels, and few cases long resist the use of this medicine. Try it once. Large bottles only Fifty cents at Dreier & Bro.'s Drug Store.

Bucklen's Arnica Salve.

The best salve in the world for cuts, bruises, sores, ulcers, salt rheum, fever sores, tetter, chapped hands, chilblains, corns and all skin eruptions, and positively cures piles, or no pay required. It is guaranteed to give perfect satisfaction or money refunded. Price 25 cents per box. For sale by Dreier & Bro.

Prepared For Honors.

Hatter—But, my dear sir, that hat is so large that it slips down over your ears.

Smithers—Oh, that's all right. It will fit me by Sunday. I have three bridegroom dinners on before then.—New York World.

NEWS NOTES.

George S. Enslen, of Elida, Ohio, is visiting his brother, Dr. Enslen, of this city.

T. E. Jabas left last night on a business trip. He will be absent about two months.

The congregation of the St. Mary's Catholic church will have a picnic on the Fourth of July.

There will be a meeting of the Home lodge, No. 342, F. & A. M., to confer the second degree this evening.

The Canadian Jubilee singers will give an excellent concert tonight at the Wayne street M. E. church for the benefit of the Ladies' Furnishing society.

At their meeting next Monday night the Phoenix lodge, Knights of Pythias, will have an election of officers and a banquet. At the meeting last night there were two initiations into the rank of knight.

This morning Mrs. Aborn, an account of whose arrest appeared in yesterday's SENTINEL, plead guilty to the charge against her and was fined $5 and costs by 'Squire Hayes, acting Mayor. The docket was stayed.

Louis Sauser, the jeweler of 188 Calhoun street, arose to go down stairs last night and tripped and fell down the stairway, cutting a gash on his head and bruising himself generally. Dr. McOscar attended him.

Misses Lucy and Nellie Tiernan left today for Rensselaer to attend the closing exercises at St. Joseph's college. They will visit at Chicago and Lockport, Ill., accompanied by their nephew, Thomas Travis.

Andrew Scholo, the young man who was assaulted by footpads last Saturday evening, is at his home on the east side and is confined to his bed. His condition is quite serious as his face is swollen and cut. Blood poisoning is feared.

Last evening while Tom Hedikin, jr., and Dr. Nierman were riding A. L. Randall's "Winton" tandem, on West Wayne street, they were run into by a frightened horse. Both young men were badly shaken up and bruised and the wheel was considerably demolished.

At a meeting of the Working Girls' Federal Labor union No. 6,121 last night the following officers were elected: President, Amanda White; vice president, Anna Dudenhofer; recording secretary, M. B. Gerdline; financial secretary, Mary Schuler; treasurer, Minnie Phelps; guide, Annie Burt; guard, Amelia Zimmerman.

Those who attend the concert given this evening at the Wayne street M. E. church by the Canadian Jubilee singers, one of the best organizations traveling, will hear the finest program of song and music ever rendered in this city. This famous band of singers have no peers as entertainers and they give their audiences a delightful evening of pleasure.

Court No. 15, Tribe of Ben Hur, elected officers last night as follows: Chief, H. A. Howell; past chief, N. Conover; teacher, Mrs. Dr. Whery; judge, Henry Brindle; scribe, J. A. Hollings; keeper of tribute, A. S. Coverdale; captain, Dr. Harry W. Pierce; guide, S. S. Scoville; keeper of inner gate, C. J. Compton; keeper of outer gate, M. Woods. A public installation of officers will be held Monday night, July 1, with music and refreshments.

The corner stone of the new Lau building, corner of Calhoun and Washington streets, will be laid next Tuesday evening. The local lodge of Elks will have charge of the ceremony and the event promises to be of unusual interest, being the first of the kind in which the society has participated. The ceremony will be preceded by a parade by the organization about the principal streets. The Hon. R. C. Bell will deliver the oration and the corner stone will be laid in accordance with the impressive ritual of the organization.

SELLS HIS HAIR.

Once a Year Lon Bishop Makes a Small Pile.

Lon Bishop of Searsburg, Vt., is a singularly fortunate man. He has an assured annual income for merely sitting around and letting himself grow. When he was but a young man, he began to let his hair grow winters to keep his ears warm in the woods. Observe the result. After several years of letting himself grow thus he discovered there was a demand for himself.

Young women, who didn't know what was the matter with their hair; single women of advancing years, who had reached the sad molting period of life; elderly married women, whose husbands considerately cleared their way in the sacred family circle by telling them they were getting immodestly bald—all these sought clandestine rendezvous with Alonzo and whispered their vague, hidden wants into his willing ear.

He soon found in this way a select line of personal customers for his product and no questions asked. And now for years veiled women have come up to the mountain home throughout the year and bought off the fleece. They know what they are getting.

So every July Alonzo goes down to some town at the foot of the mountain for his annual hair harvest and comes back again shorn with a little newspaper bundle. It is a beautiful crop, thick and soft and black and fully a foot in length, all twisted up into heavy natural curls. One year, he says, he got as much as $15 for his hair, and $45 is a good slice of the year's expenses in Searsburg.—Springfield Republican.

ELEPHANT'S PRIVATE CAR.

It Is Being Built Very Strongly Because of the Creature's Curiosity.

The Memphis Car and Foundry works is building a circus train of six cars, which, when completed, will make a train as long as two ordinary trains of that size. There are one elephant car and five flat cars in the course of construction. They are nearly twice as long as the ordinary car. The timbers and the irons are much heavier in every respect.

The elephant car is remarkable. This animal is said not to be savage, but of an inquiring mind. He wants to know what is going on without, and he frequently thrusts his trunk through and rips open the side of a car and views the landscape at his will until the keeper can have him more securely closed in.

The builders flatter themselves that Jumbo's kin will not let himself out of this car. It is eight feet clear on the inside and is 60 feet long. Its sides are of double thickness. The outer wall is of cypress and the inner of smoothly dressed oak. There is not a bolt head nor a bar that he can get hold of to twist out with his trunk. The barred windows are covered with wrought iron bars that are fastened under the walls with bolts.—Memphis Commercial-Appeal.

WARSHIPS OF THE FUTURE.

Commander Ashe Comments on the Naval Side of the Eastern Question.

Commander E. P. Ashe of the British Royal navy was recently in New York on a visit. Commander Ashe was attached to a British warship which was on duty at the Hongkong station, in the China sea, during the war between China and Japan. In speaking of the war he said: "I studied it from a distance. Being on duty at Hongkong, I was, you will see, almost as far away from the scene of hostilities as you are. There was some pretty hard fighting, and naval experts were furnished with some valuable data.

"One thing that has been demonstrated by these sea fights is that the warships of the future must be absolutely free from all woodwork. The impact of a solid shot or shell with the armor generates sufficient heat to set fire to light woodwork, or a cabin curtain, or any light combustible. The splinters torn off by a solid shot or an exploding shell from the armor are hot enough to set fire to woodwork, and so there must be nothing about the vessel that will burn easily."—New York Tribune.

Proof against misrepresentation always—Dr. Price's Baking Powder. The people know and like it.

Ex Policeman Rohrer is ill with inflammatory rheumatism.

What Others Say of the G. & J. Tires.

Peerless Mfg. Co., manufacturers of the "Peerless" and "Triangle" bicycles, write: "We are well satisfied with the results of the G. & J. wood rim tires so far this season. They appear to be standing up all right, and we have had no complaints worth speaking of from any of our trade."

The Buffalo Wheel Co., makers of the "Niagara" cycles, write:

"It is with great pleasure and satisfaction that we write you that your G. & J. tires fitted on wood rims and placed on our "Niagara" bicycles have given us absolutely no trouble this season."

Geo. N. Pierce & Co., of Buffalo, N. Y., who manufacture the "Pierce" bicycle, have this to say:

"We have used a large number of your 1895 G. & J. tires on G. & J. wood rims, and have found them very satisfactory. We consider them one of the very best of the clincher types of tires. We are particularly pleased with their good appearance on the wheel, as well as their lasting qualities."

The Winton Bicycle Co., of Cleveland, Ohio, says:

"The G. & J. tires gives little or no trouble at all. I wish we could say the same of all tires."

Columbus Bicycle Co. write:

"We have had no trouble to speak of with the G. & J. wood rim tires so far this year, and if they hold up as well in the future as they have in the past, we shall have no complaints to make."

The Kearney Cycle Co., of Kearney, Neb., add the following postscript to a tire order:

"We pronounce the G. & J. detachable tire on wood rim a complete success, and recommend no other."

The manufacturers of the "Metropole," probably the most prominent and influential of the bicycle manufacturers of France, have issued a circular letter to their agents, in which they say that they "will use no other tire but the G. & J. hereafter."

G. & J. tires will cost you no more than other tires; why not demand them?
